leisure products

Fulfilling your expectations...

your essential catalogue for outdoor leisure, home & garden **2014/15**

## Welcome to Quest

Established for over 30 years, Quest Leisure is a leading supplier of quality products to the caravan, camping, outdoor leisure, home and garden sectors. Our own brands are exclusively designed to meet customer needs in which we pride ourselves on the quality and features we build into them.

Our extensive range of products is available for all traditional and contemporary buyers within the camping and caravanning sector along with the home and garden sector too.

Within our warehouse we hold substantial stock ready for immediate delivery. Orders are normally despatched within 48 hours. Your orders can be placed with our sales team, sales office and online.

**Contact us today and set up your own personal password to order 'online'.**

## Buy with Confidence

To be certain of obtaining higher quality products made to the highest possible standards, where manufacturing and testing processes are truly thorough, buy with confidence from Quest.

Not only do we have our own agents worldwide, you can be assured that we visit every one of our suppliers each year to give you a guarantee of continuous quality and confidence that products, processes and delivery match our excellent standards.

Always looking to improve our services, we have invested in our own infrastructure and, have dedicated staff covering all areas of our business on hand to help or offer guidance; simply give us a call.

**At Quest we offer extra services and support to all of our customers as standard. These extra services and support are available to any of our customers, at any time and without any extra costs.**

### Dedicated Staff

We have a dedicated returns, parts and service team who look after all our returns and help with requests for parts and information on our products. We have multiple lines coming in on our standard number **(01527 516518)** which comes straight through to our office team who not only process your orders, but also provide first line help and support all of our customers.

We have a dedicated Canvas Queries team who look after all the queries, issues, warranties and registrations of our canvas models and are available to all of our customers.

### Automated Services

We also offer automated stock services to any of our customers. This could be a simple automated email that lets you know current stock levels every day, or a full blown export of our products which contains, barcodes, stock status, extended descriptions and anything else.

We have also introduced a website extract which is specific to yourself and contains all the required information to help you maintain and update your own website easily and efficiently.

### WEEE and Packaging Compliance

We have just introduced automated WEEE and Packaging Waste exports for customers as well. We know how difficult and time consuming collecting all the information required for the Government WEEE and Packaging regulations, so we have done all the work for you and can simply email you the totals whenever you wish.

**We are always expanding the services we offer to our customers and if there are any specific requests you have, simply ask and we will investigate them for you.**

## Grangers Fabsil

Nothing takes the fun out of camping like a leaking tent, but by using the Fabsil range of products you can keep your tent performing at it's best.

Fabsil replicates the original finish applied at manufacture.

By using it you can restore the waterproofing of tents and other equipment, allowing them to perform like new.

### Fabsil Liquid

A highly effective silicone-based water repellent treatment for all kinds of tent, tarpaulin, canopies and awning fabrics. Dries to an odourless and colourless finish. UV treatment will extend the life and performance of tent fabrics. 1 litre will cover upto 18sq metres of nylon, 7.5sq metres of light weight canvas and 5sq metres of medium weight canvas. A light 2 person tent is approx 6sq metres.

## Quest Elite® Deluxe Moon Chairs

The Quest Elite® Moon chair range are made from premium quality materials and are the most comfortable moon chairs currently available. Featuring a unique single action fold out frame which not only makes it very easy to fold out, but allows it to fold down to a smaller pack size.

The seat has extra padding inside it, can be adjusted using the tension strap underneath (large moon chair only) and features the unique padded ring around the outside which gives you the most comfortable moon chair in its class.

The chair also comes complete with a high quality carry bag and has carry handles on the chair itself making it easier to store and more portable than others. All the moon chairs are Fire Retardant and can be used indoors or out.

The deluxe moon chair has won the best for style award in the April 2013 Caravan Buyer magazine. They love the chair, saying that it is a great comfortable chair. It is the nearest thing to an armchair that you can get for the outdoor leisure market and is built with substantial materials. The chair gets an extra mention for its extra padding which makes it more comfortable and it also gets a mention for it's easy to use (and unique) single fold mechanism which makes it extremely easy to use.

**Cat No 4406**  
**Quest Easy Gazebo**

**Case Pack 4**

This is a high quality gazebo for use anywhere outdoors.

Strong yet light, this steel frame makes this gazebo very stable and easy to use. The unique frame design and locks make this gazebo easy to erect. There is no frame to put together, simply take the gazebo out of the bag and unfold the frame, twist the lock and extend the legs on each corner and you are ready to go.

It also features unique elasticated straps in the centre of each side ensuring that the roof is held down tight even in windy conditions. Extra strong guy points on all corners mean it can be pegged out (using the excellent extremely strong metal pegs) to help in windy conditions. The legs are adjustable so the height of the gazebo can be changed to suit your requirements. It has an extremely high roof ensuring that you have as much roof clearance as you need.

As well as the easy to use nature of the design, and the additional features the entire frame has an extremely durable coating and the canvas is high quality, durable and features an internal UV coating which helps ensure the best protection against the elements and increases the lifespan of this quality gazebo. The entire gazebo, pegs and guy lines come complete in one high quality bag with wheels on the bottom for ease of use. The bag features zipped compartments to the front and extra straps along the back.

## Quest Instant Utility and Storage Tent

The Instant Utility and Storage tent is a multi-use item that is a great storage or utility tent, but can also be used as a shower tent if required.

It has the patented zero tension frame (ZTF) which means there are no poles or canvas to tension, no frame to inflate, just a couple of poles to lock in place and the tent is ready to peg. Once the poles are locked into place the tent does not need to be re-tensioned as it is locked into place. There is nothing you need to set correctly or inflate to the right pressure, the frame does it all. It holds the canvas at the correct tension and ensures that water runs off as required.

The entire tent comes complete in one bag, you simply remove the tent from the bag, set the roof, lock the legs pole in place and you are ready to peg. Altogether an extremely easy, quick and fool proof way of erecting a tent.

It is extremely easy to use. It only has two poles to put together and comes complete with pegs and guylines so it is extremely easy to erect. The toilet tent features a zipped front door which means you can close and open the door fully depending upon your requirements. The use of a fully zipped door means that you can close it and keep all the insects and bugs out. It also features built in ventilation which aids air flow and helps keep the internal area more comfortable. It also means that you can close the door even on a hot day which keeps the insects and bugs out, but the ventilation keeps it cool. The entire toilet tent, poles and pegs fit inside its own carry bag. The carry bag has a handle on the side which makes it easy to carry when not in use. It also makes it easy to store away and keep all the parts together.
