Terms and Conditions

Some of the boring stuff that we all actually need to know

Carriage

Orders in excess of the amount listed below will be carriage free. All orders under this amount will attract a carriage surcharge. Any area's not covered by the list below will be arranged individually.

- Mainland UK : £250.00
- Northern Ireland : £500.00*
- EIRE : £500.00*
- Channel Islands : £500.00*
- Isle of Man: £500.00*
- Scottish Highlands: £500.00
- Mainland Europe: £1,000.00*

*Carriage to Northern Ireland, EIRE, Channel Islands, Isle of Man and Mainland Europe may incur an additional freight cost based on the order value and the freight charges at the time of order.

Brexit Amendments

Due to issues, delays and additional paperwork for any orders to Mainland Europe, EIRE and Northern Ireland, there could be additional costs or requirements for carriage to these areas. This is a developing requirement, and the terms and conditions will be updated as the situation changes.

Receiving Goods

Please ensure that you and your staff sign the carrier's consignment notes for the correct number of boxes (or products) actually received. Any discrepancies must be notified of immediately. There can be no claim for shortage of boxes (or products) signed for.

Settlement Terms

All accounts are due for settlement 30 days from the date of invoice, unless other trading terms have been agreed by both parties.

Freight on Board (FOB) Terms.

All FOB orders will be subject to a 30% deposit on confirmation of the order and 70% settlement on shipment (from country of origin) of the order, unless other trading terms have been agreed by both parties.

All FOB orders are subject to a 2% return rate, where only when returns are over a 2% threshold can any claims be made against them.

Terms and Conditions

Some of the boring stuff that we all actually need to know

Overdue Accounts

Any accounts that have not be paid in full by the settlement day will be considered overdue, unless previously agreed upon by Quest Leisure and the retailer. An interest charge of 2% per calendar month will be applied to all overdue accounts. Legal fees and expenses of recovery will be recharged to the customers.

Returns

Carriage charges for goods returned to us via your own carrier are non-redeemable without prior authorization. Goods returned should be notified under separate cover stating invoice number and reason for return.

NOTE: Only complete items in new condition will be replaced or credited to your account and no cheque or cash refunds will be issued.

Product Descriptions, Size and Weights

All product descriptions, sizes and weights are approximate and for guidance only. We reserve the right to amend or rectify and of these details without prior notice.

Prices

All prices are subject to alteration without prior notice.

Retention of Title.

The property on all items sold by the company shall remain with the company until such sums at any time owing to the company under this or any other contract have been paid in full. The company reserves the right to repossess the items at any time and from any person, firm or company and from any place until such sums due to the company have been paid in full.

Quotations.

All quotations are valid for 28 days from the date of the quotation.

GDPR

Data protection and safety for your and our data

General Details

This is the GDPR statement for Quest Leisure. It was first released in January 2018 and will be updated and maintained as required by law and any changes to our processes would be documented here. This statement covers all electronic data held and maintained by Quest Leisure.

Data usage

We do not use any of our held data for anything other than direct contact to the company itself. Examples of this are sending invoices and statements to retailers. Or getting in contact with a supplier in order to facilitate requests. We do not pass any of the data held onto third parties for any reason.

We do not send any unsolicited email or bulk email etc. If this changes it will be used in conjunction with the opt in checks listed below.

The only end consumer data we hold is that given over in the registration form for various products. This data is never used for bulk or unsolicited emails

Opt-in data update.

During 2018 we updated our database with an opt in selection where we will check every single contact and request that they opt into a special offer email group that we will then possibly use at a later date. This data was further checked and updated during October 2020, where email addresses and contact information was again verified by our sales team contacting each customer direct. The 2020 update lead to a separate 'special offers' email address(s) being set up for customers who agreed to have special offer emails sent out to them, so in the future only these 'special offer emails' will be used for special offer and other bulk emails.

Data housing

All data accessed directly by Quest Leisure staff and all Quest Leisure services and software is held in house and not with any third parties. This ensures we maintain full control over all our data and can apply all the required levels of security and access to this data ourselves without

having to reply on any third parties. Since 2019 we have also selected Wasabi as our offline/cloud backup partner (see backups section below). They conform to all GDPR requirements and adhere to all required security best practices. More details on their GDPR statement can be found here : <https://wasabi.com/gdpr-white-paper/>

Access to data.

All access to data is limited to password protected user id. Each user has their own user id with their own passwords which follow the windows standard hard to guess formats. These passwords are changed every 30 days. Each user is only given the access that they are required for their role.

Backups

All data is backed up everyday, and a copy of this data is replicated to an online cloud backup hosted by Wasabi. Access to this offsite backup is password protected and encrypted to ensure only we have access to it and access is limited to Adam Hughes and Lou Brown, there is no access to the data for staff at Quest Leisure. We also keep a local backup copy on NAS drives with internal access only (no external access).

Security

We have both hardware and software firewalls restricting access to the internal servers. All of which are maintained in house with no third party access. They are kept up to date with all the latest firmware and software patches etc.

Ability to remove data if requested

We have upgraded our main company software (Sap Business One) to ensure we have the ability to remove any personal data if required. We have complete access to all our own data and have the ability to anonymize this data if required. This we would do, on a per-request basis. These requests can come into our organization by any means but will always be double checked with known contacts before implementing.

RANGE FEATURES

The Quest Elite® Bordeaux Pro range is all about comfort and style.

They use the high performance materials, with a premium padding giving you maximum comfort. This is combined with a stunning style to give you a range that performs as good as it looks.

QTex Padded 2D mesh Fabric

This is a premium stretch fabric with added levels of comfort. It combines great levels of cushioned comfort with extra padding for extra comfort along with lasting durability and great weather resistance allowing it to last longer than its rivals. First comes the amazing level of comfort. The base fabric is cushioned so it is softer and more comfortable than its rivals. On top of this cushioned comfort the material is breathable thanks to its porous nature. This means that it is also more comfortable on hot days as your skin can breathe when sitting on it allowing you to stay cooler. The stretch in the fabric also means that you get extra comfort from the give in the fabric. On top of all this comfort the fabric is also padded which gives you even greater levels of comfort. These chairs really are made for comfort.

Next the fabric is very durable. It is naturally hard wearing giving it a long lasting lifespan. The stretch nature of the material means that it bounces back after use and will stay taught for longer than its cheaper rivals. It is U.V. resistant so offers great resistance to the sun's rays, which also helps it last longer as it takes longer for the sun's rays to damage the fabric. The fabric is also quick dry thanks to its porous nature and the water repellent outer coating of the fabric. This gives the material excellent weather resistance helping the chair to last longer.

Exclusive Slide Out Side Table

All items in this range have the exclusive Quest Elite slide out side table. This is an exclusive side table that is simply slide out from underneath the seat of the chair and locks in place. This gives you the perfect side table at the perfect height. When you don't want the table you can simply slide it away so it doesn't get in the way.

Premium Aluminium Frame

This is a premium aluminium frame. First the base material is a premium grade aluminium, selected for its light weight, durability and weather resistance, giving you the best of both worlds, both low weight and great weather resistance. The frame is made even better thanks to its premium electro-plated coating. This means it gets an extremely high quality coating, which is more even than its powder coated rivals, more durable and will help keep the frame looking new for longer.

F1349

RANGE FEATURES

The Quest Elite® Naples Pro range is all about lightweight performance.

They use the high performance materials, with a premium lightweight frame to give you an extremely comfortable chair, high on style and very lightweight. The use of the all weather fabric and aluminium frames also gives you excellent performance in any weather. The lounge bed also features the padded version of the QTex 2D mesh fabric.

QTex 2D mesh Fabric

This is a premium stretch fabric which combines great levels of cushioned comfort with long lasting durability and great weather resistance allowing it to be used in any weather. First comes the comfort. The base fabric is cushioned so it is softer and more comfortable than its rivals. On top of this cushioned comfort the material is breathable thanks to its porous nature. This means that it is also more comfortable on hot days as your skin can breathe when sitting on it allowing you to stay cooler. The stretch in the fabric also means that you get extra comfort from the give in the fabric.

Next the fabric is very durable. It is naturally hard wearing giving it a long lasting lifespan. The stretch nature of the material means that it bounces back after use and will stay taught for longer than its cheaper rivals. It is U.V. resistant so offers great resistance to the sun's rays, which also helps it last longer as it takes longer for the sun's rays to damage the fabric.

The fabric is also quick dry thanks to its porous nature and the water repellent outer coating of the fabric. When it rains the majority of water runs through the material which means you are only left with a small amount on the fabric which dries quickly. This gives the material excellent weather resistance and means it can be used in any weather.

Exclusive Slide Out Side Table

All items in this range (except the swing) have the exclusive Quest Elite slide out side table. This is an exclusive side table that is simply slide out from underneath the seat of the chair and locks in place. This gives you the perfect side table at the perfect height. When you don't want the table you can simply slide it away so it doesn't get in the way.

Premium Aluminium Frame

This is a premium aluminium (the recline uses a hybrid steel and aluminium) frame. First the base material is a premium grade aluminium, selected for its light weight, durability and weather resistance, giving you the best of both worlds, both low weight and great weather resistance. The frame is made even better thanks to its premium electro-plated coating. This means it gets an extremely high quality coating, which is more even than its powder coated rivals, more durable and will help keep the frame looking new for longer.

RANGE FEATURES

The Quest Elite® Ragley Pro range is all about style and durability.

They use the high performance materials, with a premium electro plated steel frame to give you an extremely comfortable chair, high on style with added durability.

QTex 2D mesh Fabric

This is a premium stretch fabric which combines great levels of cushioned comfort with long lasting durability and great weather resistance allowing it to be used in any weather. First comes the comfort. The base fabric is cushioned so it is softer and more comfortable than its rivals. On top of this cushioned comfort the material is breathable thanks to its porous nature. This means that it is also more comfortable on hot days as your skin can breathe when sitting on it allowing you to stay cooler. The stretch in the fabric also means that you get extra comfort from the give in the fabric.

Next the fabric is very durable. It is naturally hard wearing giving it a long lasting lifespan. The stretch nature of the material means that it bounces back after use and will stay taught for longer than its cheaper rivals. It is U.V. resistant so offers great resistance to the sun's rays, which also helps it last longer as it takes longer for the sun's rays to damage the fabric.

The fabric is also quick dry thanks to its porous nature and the water repellent outer coating of the fabric. When it rains the majority of water runs through the material which means you are only left with a small amount on the fabric which dries quickly. This gives the material excellent weather resistance and means it can be used in any weather.

Exclusive Slide Out Side Table

All items in this range have the exclusive Quest Elite slide out side table. This is an exclusive side table that is simply slide out from underneath the seat of the chair and locks in place. This gives you the perfect side table at the perfect height. When you don't want the table you can simply slide it away so it doesn't get in the way.

Premium Steel Frame

This is a premium steel (the recline uses a hybrid steel and aluminium) frame. First the base material is a very high quality steel which is used for its strength. Due to its quality and strength the thickness of the frame has been lowered to bring the weight down without having to sacrifice strength and durability. The frame is then made even better, thanks to its premium electro-plated coating. This means it gets an extremely high quality coating, which is more even than its powder coated rivals, more durable and will help keep the frame looking new for longer.

F1305

RANGE FEATURES

The Quest Elite® Autograph range is a premium range of pack away furniture.

They use the premium materials to give maximum comfort alongside pack and fold away frames to make the pack size smaller. They are the perfect solution for those after small pack sizes but do not want to compromise on comfort.

QTex Weave Fabric

This is a premium hard wearing fabric which comes in different levels of padding and comfort. The material is extremely durable and easy to clean helping it last longer. The base material is a very high quality 600D polyester, but it has a modern PU coating which gives it extra durability and protection from the sun's rays without lowering the comfort levels of the soft fabric. This coating helps the chair to look better and last longer than its cheaper rivals. The fabric also has three levels of padding, Quilted which is the thinnest of the padding and helps keep the pack size and weight down. Then padded, which gives added comfort and finally extreme padded which gives the absolute maximum of comfort available.

Pack Away Frames and Carry Bags

Every chair in this range (except the Surrey) has a pack away frame to make the pack size smaller. These frames simply collapse and fold into a small pack size making them easier to carry and store away when not in use. The Surrey (the directors chair) simply folds flat allowing it to be carried and stored easily when not in use. They all (except the Surrey) also come complete with their own colour coded carry bag which makes them even easier to store away but also offers extra protection for your chair helping them to last even longer.

Premium Aluminium and Steel Frames

All items in this range have the same premium, pack away frames. They are a mixture of aluminium and steel, but all feature the premium electro plated coating which gives added durability and protection against the weather helping them last longer. All the frames pack away to allow for smaller pack sizes, which makes them easier to store away.

Westfield®
OUTDOORS

Avantgarde **RANGE FEATURES**

The Westfield Outdoors® range represents the very best furniture available today.

They combine the very best materials and manufacturing processes together to create the perfect folding furniture. Backed with the very best 5 year warranty available they will out perform all of their rivals.

DuraDore 3D mesh Fabric

The Avantgarde and Performance ranges from Westfield Outdoors have a unique fabric called DuraDore 3D mesh. This is simply the most advanced and performant fabric available today. It is a padded fabric that is made for the outdoors. Firstly it is a stretch material that is more durable than other materials so will last longer and perform better. The stretch nature of the fabric also means that it is more comfortable than non-stretch fabric and will last longer as it will give when used and bounce back when not used. It is better against UV damage thanks to its natural structure and the advanced UV coating. The other unique feature about it is that it has a porous fibreglass pad, rather than a standard foam one. This means that the base fabric,, plus the underlying padding is porous it allows moisture through rather than soaking it up. This in turn means that even if the chair is left out in the rain it will dry within 5 minutes. The porous nature also means that it is breathable making it much more comfortable on hot days as well, so this is the very best padded fabric available, built for any weather.

DuraLight Frames

DuraLight is another unique material for Westfield Outdoors. It is a magnesium and aluminium alloy which is lighter and stronger than aluminium. This makes it the best frame available as it is lighter and stronger than its rivals. The alloy is also weather proof so will last longer. The incredible light weight nature of the frame allows the Avantgarde Noblesse chair to be the lightest, fully padded chair on the market.

Class Leading - European Wide Warranty

Every chair in the Westfield range comes with a class leading 5 year warranty. The very best available. It gives you the very best cover possible, for the very best furniture possible. This is not only a class leading warranty, but also a European wide warranty, giving you extra cover and support when abroad.

If you are aboard in the European Union and you have an issue with your Westfield product, your issue will be looked at in the country you are located in. Unlike their rivals you do not have to wait to get home before getting support, Westfield will look into your issue in the country your are in and attempt to resolve it there and then, allowing you to continue enjoying your break, whilst the issue with your Westfield product is resolved.

This in turn means that even if the chair is left out in the rain it will dry within 5 minutes. The porous nature also means that it is breathable making it much more comfortable on hot days as well, so this is the very best padded fabric available, built for any weather.

Aluminium Frames

The performance ranges uses the very highest grade Aluminium possible to give the very best balance in weight , strength and value. As it is aluminium it is weather proof helping ensure your furniture lasts longer. It is naturally lightweight and the extremely high grade of Aluminium used means that it is still very, very strong. So strong in fact that the Advancer XL is the strongest chair available with an unbelievable 200kg max load.

Class Leading - European Wide Warranty

Every chair in the Westfield range comes with a class leading 5 year warranty. The very best available. It gives you the very best cover possible, for the very best furniture possible. - Size: 48 x 62 x 48 cm • Height: 48 cm • Weight: 1.5 kg
- Folded size: 6 x 70 x 38 cm • Max load: 100 kg.

Folds down to a very small size

- Thanks to the exclusive stepped frame it is a very slim folded size
- Thanks to the slide down head rest the height is also reduced.

RANGE FEATURES

The Quest Hygrove range is a high quality range of textilene furniture.

The Hygrove range combines the weatherproof nature of textilene and lightweight with a modern and striking design to give you a highly durable range of furniture excellent for use in all weather.

Textilene

Textilene is an all weather fabric. It can be used in wet or dry and dries extremely quickly. It is also highly durable which helps it last longer. The fabric is also breathable giving added comfort when the weather is hot. The Hygrove range is available in two colours, a classic dark/navy blue or a modern charcoal.

Coated Frame

The steel frames on the Hampton range are strong ensuring they are up to the job, but still lightweight thanks to their thinner design. This mix of design and strength gives that extra touch of class, whilst keeping the weight down and keeping the underlying strength of the natural material. The frame is also powder coated in a flat black which helps complement the classic and modern finishes of the fabric giving the range its modern, striking design.

Extra Comfort

The relax and lounge also feature black elastics to give added comfort to the range and the black colour helps match the frame and keeps that striking design throughout. All the items feature removable padded head rests which allow you to remove them if the chairs are left out, but also increase comfort when used.

RANGE FEATURES

The Quest Winchester range is a very high quality range of textilene furniture.

The Winchester range combines the weatherproof nature of textilene and lightweight with a modern and striking design, topped of with the use of a heavier gauge, premium fabric to give you a highly durable range of furniture excellent for use in all weather.

Heavy Gauge Textilene

Textilene is an all weather fabric. It can be used in wet or dry and dries extremely quickly. It is also highly durable which helps it last longer. The fabric is also breathable giving added comfort when the weather is hot. The Winchester range uses a heavier gauge of textilene to not only look better, but perform better and last longer. The fabric is done in a striking pinstripe effect chequered pattern which elevates it above its rivals in looks as well as performance.

Coated Frame

The steel frames on the Hampton range are strong ensuring they are up to the job, but still lightweight thanks to their thinner design. This mix of design and strength gives that extra touch of class, whilst keeping the weight down and keeping the underlying strength of the natural material. The frame is also powder coated in a flat black which helps complement the classic and modern finishes of the fabric giving the range its modern, striking design.

RANGE FEATURES

The Children's range is all about fun, lightweight, easy to clean and added safety.

The children's range is a fun and easy to use furniture range. They are all lightweight folding chairs so children can carry them, themselves, making them feel more like their own.

Easy Clean Fabric

The fabric used in the children's range feature a coating which not only helps protect the fabric from U.V. rays but also makes them easier to clean, and maintain.

Safety Features

All of the chairs feature safety locks to ensure the chairs are locked in position and do not close when not wanted and help ensure no trapped fingers caused by chairs folding away when picked up etc.

Light Weight

Every chair in this range is light weight. They are so light weight they can be picked up by children. The items pack down as well to small sizes and come with their own carry bags (except the moon chairs), which makes them even easier to carry. So much so we have found that children like to carry them themselves as it adds to the feeling that they really are their chairs and not somebody else's that they just use.

Pack Away and Carry Bags

Every chair in this range (except the moon chairs) has a pack away frame to make the pack size smaller. These frames simply collapse and fold into a small pack size making them easier to carry and store away when not in use.. They all also come complete with their own colour coded carry bag which makes them even easier to store away but also offers extra protection for your chair helping them to last even longer. The moon chairs fold flat making them easy to carry and easy to store away when not in use.

SP2025

RANGE FEATURES

The Quest JetStream range is a high quality range of blow mould furniture.

This range is all about strength, durability and weather resistance. They are all extremely strong and feature the 100% weatherproof solid tops giving you the very best weather resistance possible.

Table Tops and Seats

The table top and seats in the JetStream range are a premium solid resin top. They have a wood effect pattern on them making them look nicer and more interesting than the plain tops. The pattern is light enough not to cause any issues with the stability of items on the tops and finishes the item with a professional and pleasing look. They are also completely weather proof and extremely strong. They are built to last and do so with ease. The solid nature of the tops gives them more strength than their non-solid rivals.

Strong, Weather Resistant Frames

The frames in the JetStream range are a high quality, powder coated steel. They are made from steel to continue the strength of the table tops and seats throughout the product ensuring it is stronger than its rivals. The powder coating on the frame gives the steel its weather resistance and finished the look of the product by complimenting the table top and seats. The weather resistant nature of the coating, coupled with the strength of the steel and the solid nature of the tops ensures these products are built to last.

Pack Sizes

All the items in the JetStream range fold away flat making them easier to store when not in use.

The Grassmoor table and bench set takes that one step further by allowing the folded away benches to sit inside the table making the pack size even smaller.

The Skiddaw and Helvellyn tables also fold in half to form their own carry case and again making the pack size even smaller

RANGE FEATURES

The Quest SpeedFit range is all about ease of use and small pack size.

The SpeedFit range keeps pack sizes and weights down to a minimum and are so easy they only take seconds to get ready.

SpeedFit Frames

This is what makes the SpeedFit the range it is. The frames are all light weight aluminium which ensures all these tables are extremely lightweight. The legs are stored underneath the table tops so the pack sizes are extremely small, the two larger tables fold in half as well further improving the small pack size. The legs simply pop into place, only taking seconds - hence the name SpeedFit ! All the legs have level adjusters on them to allow adjusting the table when not on even ground.

Table Tops

The table tops are finished in a striking modern, flat black look which is complimented by the powder coated legs and finished with the silver edging on the tops.

Easy to Carry, Move and Store

They all pack down to a very small size, which makes them easy to store them away when not in use. They are also extremely lightweight and all have handles to make it easier to carry and move them.

The Cheltenham

Although not strictly a member of the SpeedFit range the Cheltenham picnic set is a fold away picnic set which gives you four seats, plus a large family sized table all in one package. It is a lightweight Aluminium frame throughout helping the weight stay low and packs away into its own carry case.

2719KC : Gloucester

- Size: 97 x 82 x 73 cm • Folded: 36 x 86 x 10 cm
- Table Size: 72 x 86 cm • Weight: 12kg.

RANGE FEATURES

The Quest SuperLite range is an extremely lightweight range of tables.

This range is all light weight. They are made to be as light as possible making them extremely easy to hold and carry.

Light Weight Frames

The frames are designed to be as light weight as possible. All of the tables (except the Stow) use a light weight powder coated steel frame that gives an excellent balance between weight and strength. The use of steel allows us to get the required strength with a thinner frame to help keep the weight down. The Stow table uses an all aluminium frame which gives it both strength and low weight thanks to its natural properties.

Fold Away and Carry Away

All the items in the range fold away to a flat, small pack size and have carry handles on them to make it extremely easy to carry them around making moving and storing them nice and easy.

Weather Resistance

All the items have a shower proof table top. This helps protect the table top if it is caught in a shower, giving you time to get the table in when it rains. It also helps protect the table top from spills when in use. The Stow table has further weather resistance thanks to its aluminium frame which is naturally weather proof. All the tables also have a powder coating on the frame to not only make the table look great but also add extra weather resistance and protection from the elements.

Style

The table top features a black wood effect finish which elevates the look of the table and gives the top an excellent finish. The frame is also powder coated to compliment the table top which finishes the look of the SuperLite range and gives it a professional, sleek finish.

F0115B

RANGE FEATURES

The Quest Fleetwood range is all about value and weather resistance.

The fleetwood range all have weather proof table tops and powder coated or weather proof frames giving excellent weather resistance, all at great value.

Value

Great value is at the heart of the Fleetwood range. They are all amazing value tables. They are designed to be great value by keeping them simple and providing a no frills solution. These tables are perfect for those after a no frills, value table.

Weather Proof Tops

The other main feature of the Fleetwood range is weather resistance. They are built and designed to deliver great weather resistance. Firstly all the table tops are completely weather proof. The master, low and high tables are a one piece moulded plastic top which is 100% weatherproof. This gives protection from the elements as well as protection from spills when the table is in use. The slatted table is a solid plastic resin top which is also 100% weather proof, giving you the same level of protection from the elements and spills when in use.

Weather Resistant Frames

The frame on the slatted table is made from the same 100% weatherproof resin that the top is to ensure that the entire table is weatherproof and protected from the elements. The master, low and high table frames are steel, but given excellent weather resistance thanks to the powder coating applied to them. This powder coating gives protection against the elements as well as blending the frames in with the table tops to give a great finish and look to the tables.

Fold Away

The slatted table folds together in one action. It only takes seconds and folds flat making it extremely easy to carry and store away when not in use. The master, low and high had a folding leg frame that clips to the table top. The table top is unclipped and the legs folded away when not in use to allow it to be packed and put away into a small space when not required.

QUEST

leisure products

Quest Sleeping Bags.

Here is the quest sleeping bag line up.
They all carry the same advanced features making them better than a number of their rivals.

- **Zip together** : All of our bags can be zipped together. This allows you to turn any of them from two singles to a real cosy double, or the double into a simply colossal family quad.
- **Soft outer** : A soft touch outer makes them nicer to touch and feel adding that extra layer of luxury.
- **2 way zips & baffles** : This firstly allows you to zip the bag partially open from the top or bottom to give you vents allowing the air in when you want. Then the baffles help stop those annoying snags.

Cat No C0114

Outer Carton 4

Quebec double square sleeping bag

- High quality • Washable • Compression bag • All Year Use

We at Quest Leisure have always teamed up with Platinum International and the implementation of the NCC verified battery scheme shows you why. Platinum have one of the largest selection of NCC verified battery ranges available from any manufacturer.

This means that you can get any battery, for any purpose from one single supplier, making it easier than ever before.

PLATINUM
INTERNATIONAL

NCC VERIFIED

The National Caravan Council (NCC) was setup over 70 years ago as the UK trade body representing the collective interests of the tourer, Motor home, holiday home and park home sectors.

The scheme provides product verification for batteries used in leisure vehicles. With modern

leisure vehicles featuring more technology and electrical appliances than ever before, buying an NCC verified leisure battery will give you confidence that the battery purchased is fit for purpose and will perform as advertised. The batteries will be verified and labelled accordingly into three categories, A, B

and C, depending on their category & purpose. The NCC don't verify or test batteries designed for RVs.

Used in conjunction with the NCC Scheme supports the style of selecting the battery based on the users usage requirements below:

CLASSIFICATIONS

Class A is for batteries with a higher storage capacity, for people who frequently use their caravans or motor homes away from electrical hook-ups and require high power to operate devices such as microwaves and motor movers. Class A verified batteries typically have 10x more cycles than a Class C Battery.

Intended Purpose:

Frequently used without electrical hook-up.

Note: For motor homes with higher power consumption but still generally used without electrical hook-up, it may be more practical to use multiple batteries from class A.

Class B batteries are aimed at those who frequently use sites with hook-up facilities, but require a greater battery capacity to operate TVs and other devices. Class B verified batteries typically have 3x more cycles than a Class C Battery.

Intended Purpose:

For use with electrical hook-up with minimal off-grid habitation usage e.g. Lights, TV plus motor mover

Class C is for users that require a lower capacity battery to cover basic operation of their habitation equipment for short periods away from a hook-up.

Intended Purpose:

For use with electrical hook-up with minimal off-grid usage e.g. Lights

PLATINUM LEISURE AGM PLUS

FEATURES

- DESIGNED TO COPE WITH THE ARDUOUS DEMANDS PLACED ON THE BATTERY BY THE MOTOR MOVER.
- ADVANCED PLATE DESIGN WHICH GIVES HIGH RESISTANCE TO CORROSION AND REDUCES SELF DISCHARGE, SO OFFERS GREATER STORAGE TIME
- ABSORBED GLASS MAT SEPARATORS WHICH INCREASE CYCLIC CAPABILITY ALLOWING THE BATTERY TO BE DISCHARGED AND RECHARGED OVER 360 TIMES, RESULTING IN LONGER SERVICE LIFE
- SEALED CONSTRUCTION WHICH ENSURES NO ELECTROLYTE LEAKAGE FROM TERMINALS OR CASE. THIS ALLOWS FITMENTS IN ANY ORIENTATION
- SEALED LOW-BOX - IDEAL WHERE THE FITMENT LOCATION OF THE BATTERY IS RESTRICTED

Specifically
Designed for

Motor Movers

360 CYCLES

Product registered and

ncc verified

www.thencc.org.uk

Class

A

Intended Purpose:

Frequently used without electrical hook-up

For motor homes with higher power consumption but still generally used without electrical hook-up, it may be more practical to use multiple batteries from class A.

PLATINUM LEISURE PLUS EFB

FEATURES

- SEALED LOW-BOX - IDEAL WHERE THE FITMENT LOCATION OF THE BATTERY IS RESTRICTED
- HIGH CARBON CONTENT IN NEGATIVE PLATE INCREASED CHARGE ACCEPTANCE
- IMPROVED DOUBLE LAYER SEPARATORS INCLUDING A POLYESTER FIBRE SOFT LAYER LONGER LIFE
- LARGE ELECTROLYTE RESERVOIR INCREASED CYCLES
- TIN ALLOY IN GRID CONSTRUCTION LONGER LIFE
- SPILL PROOF TO 55° ANGLE MAINTENANCE FREE

200 CYCLES

Product registered and

ncc verified

www.thencc.org.uk

Class

B

Intended Purpose:

For use with electrical hook-up with minimal off-grid habitation usage e.g. Lights, TV plus motor mover

70 CYCLES

Product registered and
ncc verified
www.thencc.org.uk

Class **C** Intended Purpose:
For use with electrical hook-up
with minimal off-grid usage
e.g. Lights

PLATINUM LEISURE & LEISURE PLUS

FEATURES

- SEALED LOW-BOX - IDEAL WHERE THE FITMENT LOCATION OF THE BATTERY IS RESTRICTED
- HIGH CARBON CONTENT IN NEGATIVE PLATE INCREASED CHARGE ACCEPTANCE
- IMPROVED DOUBLE LAYER SEPARATORS INCLUDING A POLYESTER FIBRE SOFT LAYER LONGER LIFE
- LARGE ELECTROLYTE RESERVOIR INCREASED CYCLES
- TIN ALLOY IN GRID CONSTRUCTION LONGER LIFE
- SPILL PROOF TO 55° ANGLE MAINTENANCE FREE

100+ CYCLES

Class **A** Intended Purpose:
Frequently used without
electrical hook-up

PLATINUM VRLA

FEATURES

- THE VRLA RANGE IS NOT ONLY USED AS BACK UP POWER, IT IS IN FACT USED IN A NUMBER OF APPLICATIONS WHERE IT IS THE ONLY POWER SOURCE, THEREFORE DURABILITY AND RELIABILITY ARE A GIVEN.
- THE PLATINUM VRLA RANGE OF BATTERIES IS IDEAL WHEN 'OFF GRID' POWER IS REQUIRED ON A FREQUENT BASIS.

ENGINE STARTER

As this is a starter battery, used for Motorhomes, it does not have a National Caravan Council classification.

PLATINUM MOTORHOME

FEATURES

- 30% EXTRA POWER - PERFECT FOR ENGINE STARTING AND RUNNING ELECTRICAL APPLIANCES
- S O C I (STATE OF CHARGE INDICATOR) - USES COLOURS TO INDICATE THE CHARGE OF THE BATTERY
- ABSORBED GLASS MAT SEPARATORS - INCREASES CYCLIC CAPABILITY ALLOWING THE BATTERY TO BE DISCHARGED AND RECHARGED MORE, RESULTING IN LONGER SERVICE LIFE
- SEALED CONSTRUCTION - UNIQUE CONSTRUCTION ENSURES NO ELECTROLYTE LEAKAGE FROM TERMINALS OR CASE. THIS ALLOWS FITMENTS IN ANY ORIENTATION
- GAS RECOMBINATION - RECOMBINES ANY GASSES CREATED DURING NORMAL USAGE, TOTALLY MAINTENANCE FREE
- SEALED LOW-BOX - IDEAL WHERE THE FITMENT LOCATION OF THE BATTERY IS RESTRICTED

SCRAP £££

"WE WANT YOUR OLD BATTERIES!"

MONEY

You get money for your scrap returns. You can levy an environmental disposal charge.

IT'S A LEGAL REQUIREMENT

We provide a fully legally compliant scrap battery collection service.

DUTY OF CARE

Protect our environment by recycling responsibly.

COLLECTION

We can collect in 1's & 2's with our hassle free frequent collection service.

Slide King 2K

Outer Carton 6

- Premium quality LED • 2000 Lumen • IPX67 Water proof
- Rechargeable • Torch and worklight in one
- Smart power control for longer battery life
- Anodized aircraft grade aluminium

Cat No ENEB0026CD
Motion Sensor Light

Outer Carton 6

- Premium quality LED • Contains 3 sensors
- Warm white light • 30 Lumen
- Front positioned motion sensor
- Smart power control for longer battery life

Cat No ENEB0005
Einstein 400 headlamp

Outer Carton 4

- Premium quality LED
- 400 Lumen • Rechargeable • IPX4 Water resistant
- Turbo mode
- Smart power control for longer battery life

Cat No ENEB7000
150 Headlamp

Outer Carton 4

- COB LED
- Includes 3x AAA alkaline batteries • 150 Lumen
- 3 Light modes • IPX4 Water resistant
- Smart power control for longer battery life

Cat No 2060
Cordwheel

Outer Carton 6

- High quality • Versatile storage wheel • Multiple uses
- Extension cords • Soaker hose • Rope and more
- Capacity 25m (standard caravan site cable)
- Size : 35 x 35 x 10 cm • Weight : 0.6 kg.

Cat No 1184
Clipper gas refill 250ml

Outer Carton 6

- Universal Butane Gas Refill Canister
- Fills all major lighter brands fast and efficiently

Cat No 7150
Orange hose 50M

Outer Carton 1

- BS3212 Type 2 • Orange.
- Maximum working pressure of 17.5 bar.
- 8.0mm 5/16" bore 15mm o.d.

Cat No E033512
Double 12V Power Socket

Outer Carton 20

- Turns single 12V power socket into two • Simply plugs in \
- Comes with 1M lead • 5 amp Fuse

Cat No 7174
Butane gas cartridge (pack of 4)

Outer Carton 7

- Great value • 4 pack • 220g Butane Gas Cartridges

Cat No 1186C
Clipper tube lighter

Outer Carton 288

- Easy to Use • Safer than matches
- 4 Assorted colours in a display box of 12.
- Colours: Black, White, Red, Blue
- Gas: Butane • Size: 19 x 3 x 2 cm.

Cat No SPA121i-104 **Outer 50**
21mm Clip on butane reg

- Easy to use • Clip on
- 21mm fitting
- For use with butane gas

Cat No SPA127-006 **Outer 50**
27mm Clip on propane reg

- Easy to use • Clip on
- 37Mbar • 27mm fitting
- For use with propane gas

Cat No SPA300i-021 **Outer 50**
Low pressure propane reg

- Easy to use • Screw on
- For use with propane gas

Cat No SPA300i-099 **Outer 50**
Propane reg with handwheel

- Easy to use • Screw on
- 37 MBar
- For use with propane gas

Cat No SPA310i-012 **Outer 50**
Low pressure butane reg

- Easy to use • Screw on
- For use with butane gas

Cat No SPA500-019 **Outer 50**

Towing Cover

A great accessory for keeping the front of your caravan protected from exhaust emissions and road debris. Smart, sleek and stylish design, with high quality materials and natural grey colour way.

Be sure to keep your vehicle clean and save hassle having to clean your front windows upon arrival to the site or home by making sure you are using one of our amazing cover. Complete with adjustable straps, lights (batteries not included), tow hitch strap and a great durable material this will surely be on every caravanner's wish-list.

Free
Hitch Cover

Fits 3 widths:
7'2" , 7'6" and 8'

Caravan Covers

This is the all new Caravan Cover Max. It is adjustable so it fits all three widths (7'2" , 7'6" and 8") of caravans and the adjustable nature of the cover means that it also fits better than the non-adjustable ones. You also get three zips on the side allowing you to open the front, rear or complete side of the cover when on the caravan. All this plus you still get the free hitch cover !

4342G8: 360 - 420 cm (11'9" - 13'9")

4343G8: 420 - 510 cm (18'8" - 20'8")
