## F1303 : Ragley Pro relax full instructions

**Thank you** for purchasing this product. At Quest we take every care to ensure that the product fulfills your expectations. We hope you enjoy using this product.

### General Use

Failure to follow the general use instructions below could lead to damage to the chair or injury to your person. Always read and follow these instructions when using the product.

- Always ensure that the arms are locked in position before leaning against the back of the chair.
- Always ensure all legs remain in contact with the ground and take extra care when using the chair on uneven ground as this can lead the chair to move about.
- Children should always be under direct adult supervision when using this product and must not be allowed to operate any folding or adjustable mechanisms.
- Keep hands away from folding parts to prevent entrapment. Take care when opening, closing and or adjusting this product.
- Ensure that the side table is folded away before folding the chair.
- Do not force the product at any time, the product will fold away without the need for undue force.
- Do not leave outside in severe weather conditions.
- Please retain all information for further reference

### Folding, adjusting the recline and unfolding.

- Take the chair from the bag and stand the chair upright as shown in image 1. Ensure that the arms are unlocked (as shown in image 7). Standing at the side of the chair with one hand on the back rest and one hand on the arm rest push these apart by pushing in opposite directions. If the chair does not want to open as shown, then the arms of the chair may be pushed too far back and inhibiting the chair from opening. If this is the case, release the arms by moving them forward and then try opening the chair again.
- When the chair is open with the legs fully apart (image 3) you can pull the back rest up into the upright position and lock the arms into position (as shown in the image 8).
- Now slide the side table from under the chair (image 4) and locate onto the locking pin on the side of the chair (image 5)
- To adjust the recline, set the locks to unlocked (as shown in the image 7), sit in the chair, place your legs on the bottom bar of the chair and push back also using your legs to pull up (as shown in image 6).
- When folding the chair make sure you unclip the side table and slide it back under the chair first, then unlock the chair (as shown in image 7), pull arm on the arms rest and pull the back of the chair forward until the chair is closed, you might then need to fully close the chair by pushing the frame together. Once done lock the legs (as shown in image 8).

### Storage

To help keep your product looking newer for longer and prolong the life and use of the product, we recommended that the product is covered when not in use.

If the product is not going to be used for an extended period (such as a winter period) we recommend that it is carefully folded away and stored in a clean, dry and free from damp location.

### Care and Cleaning Instructions

Never use and harsh or abrasive cleaners or brushes when cleaning this product as the frame and fabric may be damaged when doing so.

Never fold and put the product away when wet as this can trap water in the product, which can lead to mould and mildew build up.

- **Fabric** : We recommend using a dedicated fabric cleaner for the fabric, if one is not available simply warm soapy water. After it has been cleaned, rinse with clean water to make sure there's no soap or cleaner left inside the fabric. Once rinsed allow the product to dry naturally before folding away and storing.
- **Frame** : First allow any dirt to dry and brush with a soft brush to remove loose dirt. Once this is done wipe the frame down with warm soapy water and a soft cloth. Once cleaned allow to dry naturally before storing away.
- **Side Table (If applicable)** : Simply wipe the table down with warm soapy water and a soft cloth. Once cleaned dry with a towel or soft cloth afterwards.
