Thank you

for purchasing this product. At Quest we take every care to ensure that the product fulfils your expectations. We hope you enjoy using this product

General Use

Failure to follow the general use instructions below could lead to damage to the chair or injury to your person. Always read and follow these instructions when using the product.

- Always ensure that the legs are fully in position before using the chair.
- Ensure both locks are used when locking the recline in position.
- Always ensure all legs remain in contact with the ground and take extra care when using the chair on uneven ground as this can lead the lounge to move about.
- Children should always be under direct adult supervision when using this product and must not be allowed to operate any folding or adjustable mechanisms.
- Keep hands away from folding parts to prevent entrapment. Take care when opening, closing and or adjusting this product.
- Do not force the product at any time, the product will fold away without the need for undue force.
- Do not leave outside in severe weather conditions.
- Please retain all information for further reference

Storage , Care and Cleaning

Details on how to look after your product.

Storage

To help keep your product looking newer for longer and prolong the life and use of the product, we recommend that the product is covered when not in use.

If the product is not going to be used for an extended period (such as a winter period) we recommend that it is carefully folded away and stored in a clean, dry and free from damp location.

Care and Cleaning Instructions

Never use and harsh or abrasive cleaners or brushes when cleaning this product as the frame and fabric may be damaged when doing so.

Never fold and put the product away when wet as this can trap water in the product, which can lead to mould and mildew build up.

- **Fabric** : We recommend using a dedicated fabric cleaner for the fabric, if one is not available simply warm soapy water. After it has been cleaned, rinse with clean water to make sure there's no soap or cleaner left inside the fabric. Once rinsed allow the product to dry naturally before folding away and storing.
- **Frame** : First allow any dirt to dry and brush with a soft brush to remove loose dirt. Once this is done wipe the frame down with warm soapy water and a soft cloth. Once cleaned allow to dry naturally before storing away.
- **Side Table (If applicable)** : Simply wipe the table down with warm soapy water and a soft cloth. Once cleaned dry with a towel or soft cloth afterwards.

Folding and Unfolding

Details on how to use your product.

Folding and Unfolding

- Take the Hampton lounge out from its box and bag and stand on its side (as shown in image 1).
- Then unfold the two ends out, so it should then look like the lounge in image 2.
- Once the lounge has been unfolded you need to lock the legs in place. The legs will be unlocked as shown in image 3. To lock the leg, simply move the locking bar around until it slides into place as shown in image 4. This should be done in all four corners of the lounge
- Once all the legs are locked in place it should look like image 5.
- You can then turn the lounge over so it is in the correct position as shown in image 6.
- You then set the head rest up as required. The head rest is locked in place using the rear bar and the adjustment points at the back of the head rest as shown in image 7.
- To fold the lounge away, fold the head rest down so the lounge looks like image 6.
- Then turn the lounge on its side as shown in image 5.
- Then unlock the legs on all four corners of the lounge as shown in images 4 and 3.
- Once unlocked you can then fold the left and right hand sides of the lounge into the middle (as shown in image 2).
- Once folded away the lounge will look like image 1

RANGE FEATURES

The Quest Hampton range is all about lightweight, weather resistance and value.

They use the high performance materials, with a high quality frame and lightweight fabric to give you an extremely comfortable chair, high on style and very lightweight. The use of the all weather fabric and aluminium frames also gives you excellent performance in any weather. The lounge bed also features the padded version of the QTex 2D mesh fabric.

Textilene Fabric

This is a very high quality two tone textilene fabric. The two tone pattern and colour scheme improve the look of the chair.

Not only does this fabric look great but it also performs excellent. The fabric is completely weatherproof, it does not matter if it gets wet as it dries extremely quickly, it has a UV coating to help protect itself against the sun rays and it is strong and durable to ensure it last for years.

The fabric is also quick dry thanks to its porous nature and the water repellent outer coating of the fabric. When it rains the majority of water runs through the material which means you are only left with a small amount on the fabric which dries quickly. This gives the material excellent weather resistance and means it can be used in any weather..

High Quality Frame

The frame used on the Hampton range is a high quality steel frame. It is coated with a high performance coating to give it an excellent weather resistance. The use of steel means that the frame is extremely strong and due to this the frame size has been kept small to help keep the weight down as well.

The high performance coating not only improves the natural strength and durability of the steel but also finishes the look and style of the Hampton range off with its modern black colour, which matches the two tone grey of the fabric to give a striking and modern feel to the range.

Cat No F2024

Hampton relax

This is the largest and most comfortable chair in the range. It is an anti-gravity lounger which allows you to lock the position of the chair in any position from flat to upright. This ensures that you can find the perfect position every time. The use of elastics down both sides gives added comfort as it allows the chair to give slightly when used. There are two locks (one on each arm rest) to lock the lounger in position every time. The extended fabric on the leg rest automatically comes up when you lean back supporting your legs fully adding to the level of comfort at all times. The comfort is finished with a padded head rest that can be moved up or down and even used as a lumbar support if required.

Cat No F2025

Hampton Recline

This is the entry level chair in the Hampton range. It gives an excellent balance of performance and value and folds flat in seconds and is extremely lightweight making it easy to carry and store away when not in use.

The reclining back allows you different reclines to suit your every mood and the padded head rest at the top finishes the chair off and adds comfort. The stability corners on the frame ensure it is steady and stable when in use.

Cat No F2026

Hampton Lounge

The lounge in the Hampton range gives you an excellent value sun bed and occasional bed for use when those unexpected guests arrive.

It folds away easily, making it easy to store away when not in use. It has a 4 position back rest which allows you to change the back from almost vertical to completely flat. The stability corners on the frame ensure it is steady and stable when in use and padded head rest can be moved up or down, or removed completely if required.
