## **NEW ADDED.TOHFA E ZAEREEN.**

All praise belongs to Allah, the lord of the worlds. May peace and blessings be upon his beloved Prophet Muhammed (s.a.w), our intercessor with Allah the exalted and upon his purified household, his faithful companions and those who follow his path. May Allah (s.w.t) and the 14 masomeen accept our services. Ameen.

### **Important Details on Ziyarah.(By Dr Murtaza Alidina.)**

1. We begin in the Name of Allah, Who is the absolute perfect being.
2. To Whom belongs the beautiful and excellent attributes.
3. Who is Rahman, Whose love and Mercy reach out to each and every thing in the universe.
4. And Who is Raheem Whose extra love and Mercy is reserved for the believers & good doers.
5. Ziyara basically means, to visit the Shrine of the Holy M'asum (as).

### **This visit has several etiquette & manners that need to be observed in order for the ziyara to be successful.**

The Imams of the Ahlul Bayt (as) & the Prophet (s) have highly emphasized the importance of Ziyara, in order to enable the follower to thereby come closer to the Ma'sumin, to learn from their character and thereby improve their lives.

In order for the Zaeer to make this trip successful one needs to ask & understand several issues:

- A – One needs to understand what is ziyarah?
- B – Why is it that the Imams have emphasized so much about ziyarah?
- C – What does the pilgrim have to do before he embarks on the journey?

### **What should be his behavior during the Journey?**

- E – How should he interact with the others ones he arrives in the city of Ziyarah?
- F – What should be his manner as he walks on the streets in the city?
- G – How should one approach the Shrine?
- H – How should one enter the Shrine?

### **What thoughts should be crossing his mind as he is inside the Holy sanctuary and purified atmosphere of the Shrine?**

- J – How should he talk to the Imam?
- K – What should he ask from the Imam?
- L – What benefit should he be looking for as he is sitting or standing near the Shrine?

These are some of the important questions that need to be answered for a Zaeer before he embarks for this great journey.

Reward is secondary to acceptance by Allah "INAMA YATAKABALLAHU MINAL MUTAQEEN" Allah accepts the amal, the ibadah, the worship, the good acts of that person who has TAQWA.

You want to perform something with no Taqwa it want be accepted by Allah, if it is not going to be accepted by Allah then there is no thawab, no reward.

Thawab means reward, & reward can only be given after that act has been accepted.

### **Etiquette of entering Shrine**

• The intending pilgrim to the shrine of the Holy Masumin has to observe some physical etiquette. • Once the pilgrim arrives in the Holy city where the Shrine of the Holy Ma'sum is located, before proceeding to the Shrine one ought to perform Ghusl and during the performance of the Ghusl the niyyah should be that in as much as one is cleaning physically ones body, one should also make the niyyah of cleaning ones heart from all spiritual diseases.

Because one is now proceeding to the presence of a Ma'sum who not only is aware of our physical being but is also fully aware of our spiritual being

• One wears the best clothes and applies good perfume. Proceeds from the residence, walks with dignity, with reverence, with humility with the mind filled with memories and images of the Ma'sum.

• Constantly in the state of Dhikr always try to avoid the vain and useless & time wasting talks.

• Dhikr can take various shapes either Allahu Akbar or La ilaha ilallaah or SubhanaAllah.

• Finally on arrival at the entrance of the Shrine there are certain specific rituals to be performed.

- We have been taught that before entering the Shrine we should seek permission.
- GOD says in Suratul Ahzaab Chapter No 33 “Ya ayyuhal lazina amanu Laa tadkhulu buyutin-Nabii’ Illaa an-yuzana lakum”

- O believers, you should not enter the house of the Holy Prophet unless permission has been granted unto you.
- Before entering the Shrine of the Holy Prophet or of anyone of the Holy Ma'asumin therefore we should seek permission
- We have been taught to seek the permission in the following words:
  - Bismillahir Rahmanir Raheem, Allahumma Inni waqafu alaa babim-min abwabin buyutin-Nabiyik (salawatullahi alayhi wa alihi) O God I stand here at the gate of one of the houses of the Prophet (s).
  - Waqad Manaatannasa an-yadkhulu Illaa biiznih, and you have forbidden people from entering this holy house except with their permission.
  - At this stage you should mention the name of the Imam whose shrine you are visiting.
  - Wal Malaekatihil muwakkilina bihadhihil buq'atil mubarakati thalitha:
  - And I humbly seek the permission of the specific angels who have been allocated to this holy Shrine I seek the permission to gain entrance.
  - Aadkhulu Ya Rasulallah?
  - O Prophet can I enter please?
  - If at this stage, tears start flowing from your eyes, your heart feels soft, and you feel uneasy about your self inside, you should take this as the sign that the Imam has spiritually granted you the permission and that you may now enter the Holy Shrine.

With these feelings then you should slowly proceed in small steps as if you are a slave, who has come to the court of his master

- You should walk with your head down in constant dhikr, remember the greatness of Allah, have humility, have reverence, take short steps & proceed slowly with tearful eyes into the Shrine closer to the Dharih.
- Once in the surroundings of the Holy precincts you must remind yourself that this is a holy place, we are told in the hadith that there is no creature that Allah creates more plentiful than the angels.

- Everyday 70,000 angels descend to the BAYTUL MA'AMUR in the heavens they do TAWAF there, then they descend to the Ka'ba, then they proceed to the grave of the Holy Prophet (s) and greet upon him, and then proceed to the grave of Imam Ali (as) and greet him, and then proceed to the grave of Imam Husayn (as) and greet him and then they ascend till the end of the world they don't return.

- Remind yourself therefore that you are in surroundings of the angels, who constantly descend and ascend, remind yourself of the holiness of the purity of the sanctity of the cleanliness of the spirituality of this holy precinct.
- And therefore you must try to purify your thoughts, keep your mind clean, keep your feelings pure, try to speak good words, avoid vain talking's, constantly make dhikr of Allah.
- In fact the Quran tells us that in Surat al-Hujurat YA AYYUHAL LAZINA AMANU LAA TARFATU SAUTAKUM AS-SAUTIN-NABII' O people who believe, do not raise your voices above that of the Holy Prophet, when you are in the presence of the Holy Prophet and of the other Ma'sumins, therefore you must keep your voice and your tone low and observe extreme reverence, humility, respect, feelings of love, and obedience and yearning to get all the more closer to the Ma'asumin to get the maximum advantage from their presence to ask for what ever needs you may have, to present to them your real problems, and to seek final solutions from them.

### **Philosophy of Ziyarah**

- Details of why such high recommendations and emphasis has been laid by our Imams regarding the ziyarah?
- For e.g. Imam's tell us that whoso ever comes for our ziyarah:
  1. His/her duas will be accepted
  2. His/her sins will be forgiven
  3. One who visits us is just like the one who has visited the Holy Prophet (s)
  4. The reward for visiting us is that of a thousand Haj
  5. Or reward of making our ziyarah is thousand Umrah
- 1. Or whosoever comes for our ziyarah deserves Sha'fah / intercessions for major sins on the day of Judgement
- 2. Or our shrines is part of Jannah
- 3. Or in our shrines numerous angels keep on descending and ascending
- 4. Or in our shrines sins are forgiven just like the day you were born

- In order to understand these hadith and emphasis, it would be better to consider Shiite perspective on Sha'fah in Qiyamah
- Basically anything that will appear on the day of judgement, will have to be produced by our actions in this dunya.
- So for e.g., were told that Qiyamah is the day when all reality will be manifested. Yauma Tublas-saraaeer The day when your hidden secrets will come out in open.
- Regarding Sha'fah the Qur'an says: "Laa Yashfauna illaa Limanir-rtadha" No intercessor will ever intercede but for that person with whom Allah is pleased, and therefore if we are going to deserve Sha'faa on the day of judge ment through the agency of our Imams, it is only after we have raised our status so that Allah is pleased with us.
- And this reality can only be manifested if in the dunya we have brought about a change in ourselves so that God is pleased with us.
- So if we go for ziyarah,
- and if after ziyarah there is a change of heart,
- if after ziyarah there is a revival of our spirit,
- if after ziyarah there is a rejuvenation of our faith,
- if after ziyarah there is a development in our character,
- If after ziyarah there is an improvement of our behaviour,
- There is a determination to transform our life to become better.
- Basically if we decide after ziyarah, to introduce in our lives, Gods will and Gods pleasure, ahead of all our decisions, the Imams pleasure in front of all our decisions, Qurans instructions ahead of all our decisions, then truly the ziyarah will work its effects and then this change will manifest in itself in Qiyamah in the form of Shafa'a.
- Therefore its important for us now to consider, how is it that ziyarah will bring about all these changes?
- Basically its brought about in two steps:

- Step No 1 – We go to the Shrine, and we declare and announce and remind ourselves, the HIGH status enjoyed by the Imams:
- That they are perfect models
- That they are lovers of truth
- That they are examples of nobility, justice, of good character, of good minds, or pure thoughts, of pure feelings, of cooperation, of love for humanity, and of all the noble and perfect virtues.
- Once we have realized fully, this high position of Imams, we then try to provoke feelings in our hearts which God has naturally created, whenever we see beauty we are attracted, whenever

we see perfection we are attracted, whenever we see models of goodness and justice, virtue, naturally we seek to follow.

- So having reminded ourselves of the virtues of the Imams:
- We then pledge our allegiance,
- We then swear our obedience,
- We then make a covenant to love them, to follow them, and to always keep their pleasure ahead of our pleasure.
- It is these ideas and themes of paramount importance
- There should always be on the top of our minds as we participate in the rituals of ziyarah.
- We then pledge our allegiance,
- We then swear our obedience,
- We then make a covenant to love them, to follow them, and to always keep their pleasure ahead of our pleasure.
- It is these ideas and themes of paramount importance
- There should always be on the top of our minds as we participate in the rituals of ziyarah.

## Imam Baqir ('a)

Ideological education of the masses, especially by training certain experts:

Like Hisham bin Hakam who used to engage in polemics especially on Imamah. Clarifying the true leadership of Imamah and how by following the Maasum and infallible Imam raises the dignity of human status.

2. The Imams spread the true message of FIQH

in contrast to the Fiqh of other Jurisprudence, who were giving messages tainted by the whims of the rulers.

3 – The Imam engaged in the spiritual training by educating morally the right akhlaq.

4 – The Imam supported the revolutionary uprisings which the Sadaat constantly carried out, thereby ensuring that constantly there was a disturbance to those people in power which were drunk in materialism.

5 – Tried to keep the memory of Aashura alive, thereby the revolutionary spirit of Islam always was kept thriving.

Supported literary efforts in the form of poetry or writing in fact there is a hadith by Imam Sadiq (as) which says that the Shia should teach their children the poet of Sufian Abdi because he is on the religion of God, so messages of truth, liberty, independence, justice, hatred for injustice were being spread by poetry and other means of communication with the encouragement of the Imams.
