A WORD WITH PARENTS

Childhood is the most important period of human life. What is learnt during this period gets firmly imprinted into the minds of children. The whole life of a human being entirely depends on the early education and upbringing during this period. This aspect is not given, its due importance, rather we show carelessness by making a lame excuse of giving children their freedom and also consider this as a contributing factor towards their upbringing. On the plea that we must not interfere with the freedom of our children which is to be considered most important for their development and for their future. There is a big difference between liberty and licentiousness of children and carelessness towards them. The children should remain free under the supervision and vigilance of their parents. The parents are responsible for the best upbringing of children. It is their responsibility to provide them a healthy atmosphere because:

The greatest obligation of the parents towards their Children is to give them proper upbringing.

Particularly in the present harmful age when there are so many evil attractive things abundantly available inside and out side the home. Under such circumstances the responsibilities of parents become too-fold that is on one hand they should keep the children away from such tavern and absurdity and on the other hand they should provide them such interesting things, which can improve the mental development for their future life.

Realizing the necessity the Markaz-e-lim-o-Amal has had the privilege of launching the following educational activities in the past few years:

1. Jannat(paradise) (educational and rearing game).
2. Colour Book(colour and learn ablution and prayers).
3. Quran workbook (historical anecdotes and Quranic teachings).
4. Farzand-e-Kaba (biography of Hazrat Imam Ali (A.S))
5. Gul-e-Kauser (biography of Hazrat Imam Hasan (A.S))
6. Rang-e-Bahisht (biography of Hazrat Imam Hussain (A.S))
7. Subh-e-Umeed (biography of Hazrat Imam Mehdi (A.S))
8. Dastan-e-Wahi (stories of revelation)
9. Ayaat Tasveer and Rang (colour and learn Quranic verses)
10. Mehdi Workbook (Knowledge about Imam Mehdi)

... Although we do realize that we should keep working on this project continuously and constantly but due to our limited resources and engagements in publishing magazines for ladies such as "Monthly Tahera " and lack of manpower we are helpless. Any way we shall with the help of God we have resumed our duty to accomplish this important task. This time we aimed to enlighten children on karbala. This was a difficult task but:

Those who struggle for our path, we our self show them way.

A book named "Moharram workbook" compiled and published in Canada by an institute "Tayyabö. Passed through our eyes. Which eased our difficulty to a very great extent as we got some good ideas from this book. A long with this, we also got a very dedicated, talented and sincere team of worker's who worked day and night to achieve our goal.

This booklet is a vivid example of their sincere dedication to this noble cause and love of the greatest of the Martyrs-Hazrat Imam Hussain (A.S). May God grant them his divine help and guidance and may Hazrat Imam Hussain (A.S) be their intercessor and protector on the Day of Judgment. Karbala workbook has been compiled with the consideration of the mental level of children. As such it has been compiled in two parts i.e. for children above 4 years and 7 years separately.

Our effort has been to acquaint children of the useful information about karbala, which they could easily grasp in these two books. However how far have we been successful in our attempt depends on your judgment. Now we want to present to the children "Quran workbook"and "Mehdi workbook" and apart from these a book on the life of every Masoom (innocent) your sincere opinion, useful suggestion and constructive criticism will help us in our future work.

Hazrat Zainab had two sons. Hazrat Zainab wished them to lay their lives for Islam. Both fought very bravely in the battlefield.

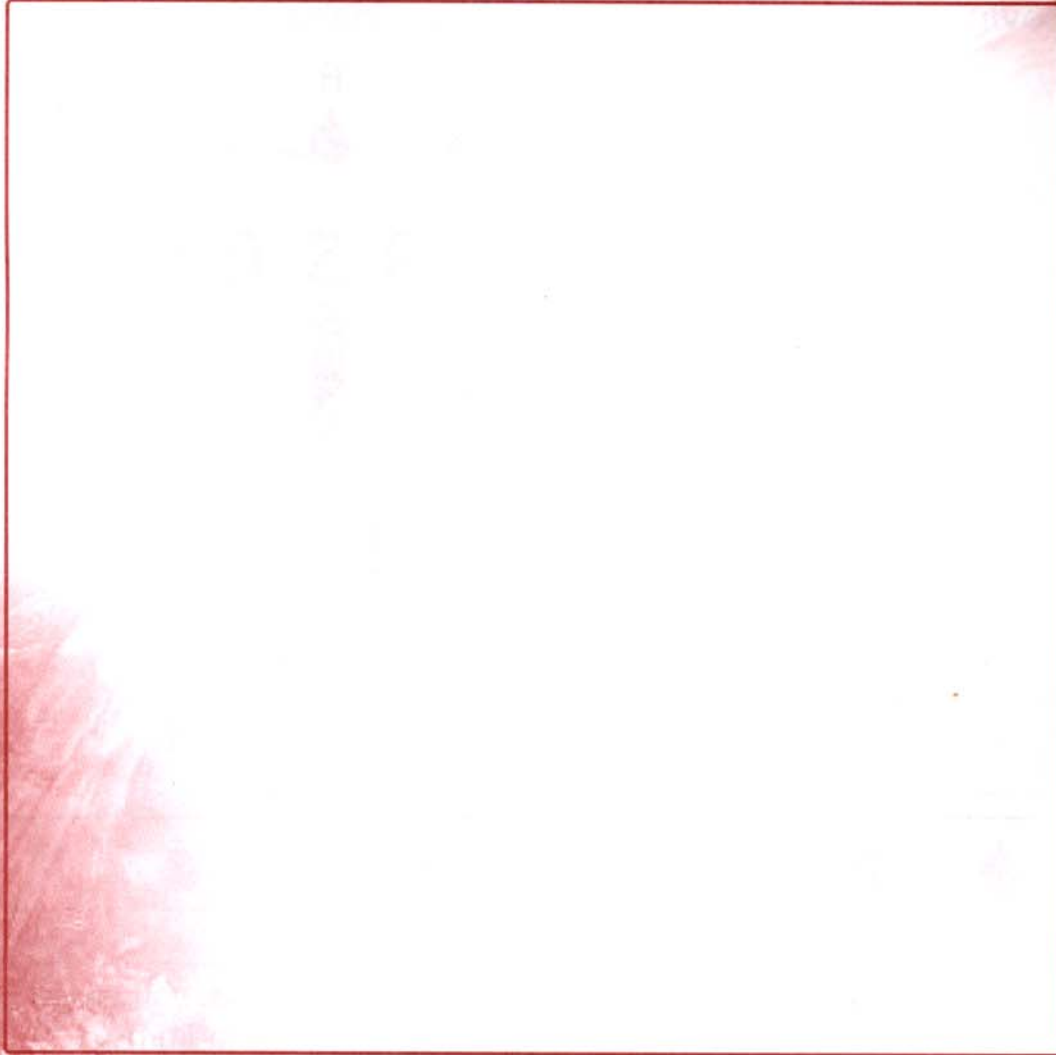

MAKE THE AL'AM {STANDARD}

Hazrat Abbas is called the Standard-bearer {Al'AMDAR} of the Imam's forces. Al'AMDAR means who bears the flag. In those days the one who held the flag was called the commander of the Army.

Dua (Prayer) Before You Drink Water

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

"In the name of God who is kind and merciful"

صَلَوَاتُ اللَّهِ عَلَى الْحُسَيْنِ وَ أَهْلِ بَيْتِهِ وَ أَصْحَابِهِ

Hazrat Imam Hussain (A.S) had brought the women and children on canopied seats but on the 11th of muharrum the women and the children had to travel without canopy due to which many children fell down and were martyred.

Join the points given below so as to make the shape of the animal and colour it.
