What's in the box

Origami Canoe
(folded)

Small seat

Large seat

Borders
female (6)

Wheels (2)

Wheel split (2)

Wheel axle (2)

Rib

Wheel spacer (4)

Borders
male (4)

1. Unfold your ONAK

Topview

2. Attach the borders

Put the borders through the straps and connect them

Click the borders on both sides and tighten straps A and B

3. Fold the noses

Fold the nose and pull the nose straps (C) on both ends

4. Pull the straps and guide the sides

- ① Pull strap D alternately to shape the ONAK to look the same as the drawing
- ② Fold the wing inwards and then pull strap E fully
- ③ Pull strap B fully and guide the side fold using your hand

Strap pulling tip

Pull the upper strap towards you and use the other hand to help the pulling motion

5. Insert the seats

- ① Put the seats in the canoe, start with the big seat - connect one side first

- ② Push the hooks forward so they are easy to connect - place the lock in the opening

Slide the hook forward to make mounting easier

Positions

To change positions all you need is a screwdriver or a small coin

6. Insert the rib

- ① The hook at the end of the rib has to be placed around the inner screw next to strap A

- ② Slide the rib towards the dented line on the bottom. It helps if you lift the bottom section of the rib.

7. Final tightening of every strap

- ① Tighten every straps B, C, E all the way to the end and cross D as much as possible
- ② Check whether every strap is completely tightened

Sailing direction

8. Ready to paddle

On strap B and C the black buckle needs to be close to the grey buckle

9. Pack your ONAK together

① Release cross straps D

② Dismantle the seats and rib

③ Loosen every strap

④ Flatten the canoe hull and take off the borders

⑤ Roll the canoe together

10. Packing the canoe hull

Mount the bottom lid and turn the canoe around

Place the rib around the small seat and put one seat on each side, the paddles and borders are next

Close the case by placing the top lid

Assemble the lids

Safety first

Our products are specifically designed with safety in mind, but canoeing always involves certain risks.

Please know and follow the local regulations when you go out on the water.

Always check the weather conditions.

We strongly advise the use of a life jacket. Check out our webshop for a jacket that nicely matches our canoe.

Always balance the weight distribution in your boat.

We are not liable for any accidents caused by the use or misuse of the canoe. By using it, you accept the risks and take responsibility.

Want to know more about the maintenance, the warranty and the durability of the ONAK canoe? Please check out the FAQ's on our website!

Shared freedom

On onakcanoes.com we invite you to connect with other users and exchange adventures.

Reach out and let us know what you think!

At ONAK we take feedback very seriously, as it helps us enhance both the products we sell and the services we provide.
