The Rollaway

A state of the art awning that stays on the side of your caravan at all times. When you get to your destination, simply unroll the roof, slide out the legs and you have your canopy.

It can be used in three different modes and is available in three different sizes 3.5m, 4m and 4.5m.

The ideal solution for anyone after an easy to use, stable awning with additional modes of use.

Why Multi-Purpose and Configurable?

This awning is unique and can be used in three different modes. A standard awning, a sun canopy or a panorama awning which allows you to have part standard awning and part sun canopy to give you the best of both worlds.

Each front panel can be rolled up, used as a canopy or even removed, giving you the ultimate in flexible, multi-purpose awnings.

Features

- Roll Out Awning
- Quick and Easy to Erect
- Sun Canopy Only Mode
- Only Minutes to Erect
- All Round Easy Clamps
- Multiple Panoramic Mode Options
- Tinted Clear View, Anti-Freeze Windows
- One Piece Heat Reflective Roof
- Full Ventilation Side Windows
- 2 Side Doors and 2 Roll Up Front Doors
- Double Pegging Points and Dual Use Mud Wall
- Storm Straps
- Anti-Weather Roof Valance
- Internal Blinds
- Awning Rail Locking Bolts
- Front Panels can be Independently Rolled Up
- Draft Skirt and Wheel Cover
- Weather and Storm Covers on External Zips

The Rollout

The Rollout is a state of the art porch awning. The awning stays on the side of your caravan at all times. When you get to your destination, simply unroll the roof, attach the legs and you have your canopy. It can be used as a canopy only or a standard awning, the choice is yours.

The ideal solution for anyone after an extremely easy to use, lightweight porch awning with additional modes of use.

Why Roll Out Of The Bag ?

A roll out awning stays attached to your van at all times and is locked in place with the included locking bolts.

The roof, front bar and panel roll up into a bag that hangs in your awning rail. This stays on the side of your van at all times, even when driving. When you get to your destination all you need to do is unzip the bag, roll out your awning and you have your canopy.

Features

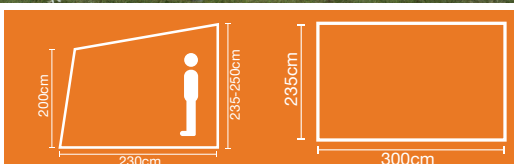

- Quick and Easy to Erect
- Lightweight
- Rolls Away into the Bag
- Stays on Your Van
- Sun Canopy Mode
- Removable Side Panels
- Roll Up Front Panels
- Sun Canopy Panels
- Tinted Windows
- Double Pegging Points

The Snowdon

Designed and built like no other this awning is built from the ground up to withstand the elements and is perfect for the longer stay. It features a stronger frame structure, a heavy duty roof and Quest Tec5 Fabric, to produce the strongest and most weatherproof awning in its class.

The ideal solution for those after an any season porch awning built to withstand the elements and perfect for the longer stay.

Why Extended Stay ?

Ideal for the extended stay due to its extra strength and ability to withstand the elements. It has an extra strong roof capable of handling snow. It features a unique and solid frame design that is extremely strong and low maintenance.

The solid frame is completed with the extremely durable any season Quest Tec5 Fabric.

Features

- Quest Tec5 Fabric
- 5 Year Anti Fade Warranty
- Solid Frame Design
- Easy Lock Clamps

The Windsor Plus

A luxury, space saving porch awning combining the excellent Quest Tec5 Fabric which is lightweight, extremely durable and easy to maintain, along with style and class leading features in to one very easy and quick to erect porch awning package. Available with a steel or alloy frame.

Perfect for those after a luxury awning where ease of use is important, or where space is at a premium.

Why Space Saving and Easy to Erect ?

This awning has a small footprint, so it can be used where space is limited.

The small size and low weight help make this awning easy to erect. The frame design and ability to remove the front panel means that this awning can be erected by one person.

Features

- Quest Tec5 Fabric
- 5 Year Anti Fade Warranty

The Easy Cadet

A lightweight framed awning which is extremely easy to use, but has the added benefit of value for money that framed awnings offer. This large lightweight awning combines great use of space with an extremely easy one pole system to give you the best of both worlds.

Perfect for anyone after a value for money lightweight awning that is extremely easy to use.

Why a Framed Awning system ?

The Cadet uses an extremely quick and easy one pole system that means you can have ease of use and more for your money in one package.

Frames are cheaper than their air rivals, so by using an extremely easy frame system you get the strength and value of a frame system whilst still maintaining ease of use.

Caravanstore Panels

An alternative set of panels for the Caravanstore or the Caravanstore zip. They look great and are made to the same high standards that the rest of the Westfield Outdoors® range are.

They consist of side panels, roof poles for the sides panels, front panels and curtains for the sides and front panels.

Available for the caravanstore 310, 360, 410 and 440.

Configuration

The sides are universal and fit all sizes of caravanstore. The sides come with their own roof pole which easily fits in place.

There are 4 different sizes of front panels made to fit the caravanstore models 310, 360, 410 and 440.

The front and side panels zip together giving you a covered and protected area.

Windshield Pro

A premium quality windbreak system that features a unique pole system that means no guy lines, makes the windbreak extremely stable and ensures you can use 100% of the available space.

You no longer have guy lines in your way. The windshield pro can also be extended to any size you wish by adding extra panels, or even fitting two windshields together.

Why No Guy Lines ?

The windshield pro is a unique product that does not require guy lines.

It has a unique frame system that makes it easier to erect than products with guy lines and makes the Windshield stronger and more stable than its guylined rivals.

The fact that there are no guy lines and the unique pole system means that you can use 100% of the space and you lose none to guy lines or poles.

Features

- Premium Quality
- More Stylish
- Universal Sides
- Large Windows for better views
- Light and Airy Inside
- Strong Storem Strap System

Details

- Canvas: 210D PU Coated Oxford Polyester

The Kensington Plus Extension

You can have one or two extensions added to your awning as they can go on either the left or right hand side.

It can be used with or without the awning side panel, giving you extra privacy if required and can be extended with the optional inner tent.

The ideal addition to anyone who owns a Kensington Plus awning.

Optional Inner Tent (purchased separately)

Why an Extension ?

This extension is made from the same high quality Quest Tec5 material so it matches your awning perfectly. Then it has its own ventilation, privacy windows, heat reflective roof, in fact it is like a mini awning all by itself.

Simply the best and easiest way to extend your Kensington plus awning.

Features

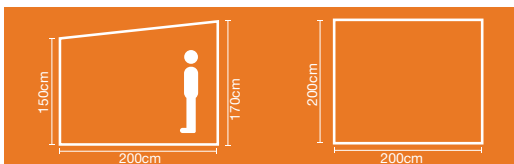

- Quest Tec5 walls and panels.
- Can be used with or without the awning side panel
- Easy erect steel frame.
- Easy lock clamps.
- One piece fully printed roof.
- 5 Year anti fade warranty.

Rear Pad and Poles

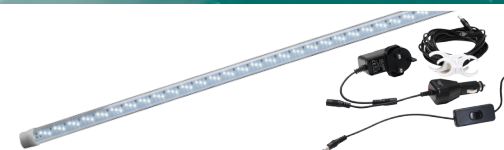

Rear pad and poles help keep draughts and the weather out as well as creating a better seal next to your van.

- **Rollout Rear Pad and Pole Kit:** For use with the Rollout awning.
- **Easy Air Rear Pad and Pole Kit (Standard):** For use with any of the Easy Air 280, 350 and 390 awnings.
- **Easy Air Rear Pad and Pole Kit (Extra wide):** For use with any of the Easy Air 280, 350 and 390 awnings.
- **Caravanstore Rear Pad and Pole Kit:** For use with the caravanstore panels.

Windlock Clamps

These are the strongest easy clamps available and are unique due to their double locking mechanism. Simply replace your current clamps for these and get added security and help prevent your poles collapsing.

Quest Serial LED Light

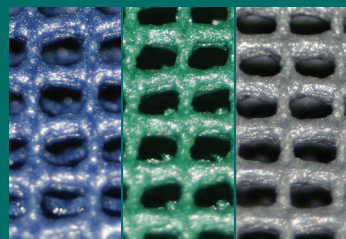

A low wattage, excellent quality LED light that can be used with up to three lights in serial (only using one power supply).

Stays cool during use with 120 extra bright LEDS these lights really light up your awning, gazebo or shelter.

Strengthening Kits

For use when the weather is against you. We have extra strengthening kits available for the majority of our awnings, most of which are shown below:

- Snowdon Winter Kit
- Kensington and Windsor Storm Kit
- Generic Storm Straps
- Easy Air Porch Awning Roof Kit
- Easy Air 390 and Motorhome Air Storm Roof Pole

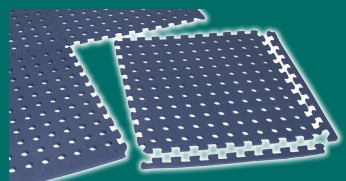

Questlite

Questlite is an extremely hard wearing, fully breathable, luxurious feeling flooring. It comes in rolls or precut sizes and you can cut it to your own size and shape.

Treadlite

Treadlite is a very hard wearing, breathable weaved flooring. It comes precut and is hemmed for extra strength. It has a dense weave so even though it is breathable it does not allow insects or worms through.

Floorlite

Floorlite is an extremely lightweight, versatile, quick and easy interlocking foam flooring. It comes with 4 floor tiles per pack
