2017 Outdoor Leisure Catalogue: Welcome

Established for over 30 years, Quest Leisure is a leading supplier of quality products to the caravan, camping, outdoor leisure, home and garden sectors. Our own brands are exclusively designed to meet customer needs in which we pride ourselves on the quality and features we build into them.

Our extensive range of products is available for all traditional and contemporary buyers within the camping and caravanning sector along with the home and garden sector too.

Within our warehouse we hold substantial stock ready for immediate delivery. Orders are normally despatched within 48 hours.

Your orders can be placed with our sales team, sales office by telephone, email or fax and online.

Contact us today and set up your own personal password to order 'online'.

Buy with Confidence

To be certain of obtaining higher quality products made to the highest possible standards, where manufacturing and testing processes are truly thorough, buy with confidence from Quest.

Not only do we have our own agents worldwide, you can be assured that we visit every one of our suppliers each year to give you a guarantee of continuous quality and confidence that products, processes and delivery match our excellent standards.

Always looking to improve our services, we have invested in our own infrastructure and, have dedicated staff covering all areas of our business on hand to help or offer guidance; simply give us a call.

At Quest we offer extra services and support to all of our customers as standard. These extra services and support are available to any of our customers, at any time and without any extra costs.

Dedicated Staff

We have a dedicated returns, parts and service team who look after all our returns and help with requests for parts and information on our products. We have multiple lines coming in on our standard number (01527 516518) which comes straight though to our office team who not only process your orders, but also provide first line help and support to all of our customers.

We have a dedicated Canvas Queries team who look after all the queries, issues, warranties and registrations of our canvas models and are available to all of our customers.

Automated Services

We also offer automated stock services to any of our customers. This could be a simple automated email that lets you know current stock levels every day, or a full blown export of our products which contains, barcodes, stock status, extended descriptions and anything else.

We have also introduced a website extract which is specific to yourself and contains all the required information to help you maintain and update your own website easily and efficiently.

WEEE and Packaging Compliance

We have just introduced automated WEEE and Packaging Waste exports for customers as well. We know how difficult and time consuming collecting all the information required for the Government WEEE and Packaging regulations is, so we have done all the work for you and can simply email you the totals whenever you wish.

We are always expanding the services we offer to our customers and if there are any specific requests you have, simply to ask and we will investigate them for you.

- Premium quality Non-stick Fold out tilt clip Removable drip tray
- Adjustable temperature Removable grill Easy to clean Glass lid
- Steam escape Can be used as a barbecue
- Size: 44 x 49 x 15 cm Grill area: 36 cm Weight: 3.4 kg
- Voltage : 220 240v Wattage: 1300w

- Easy clean Low wattage Portable
- Hotplate: 18.5cm. Size: 22 x 22 x 7.5 cm.
- Cord length: 100 cm. Weight: 1.4kg.
- Voltage 220 240V Wattage: 1000W

- Non-stick coating Low wattage Easy clean Oil tray
- Size: 40 x 27 x 9 cm. Weight: 2 kg.
- Voltage 230V Freq: 50/60 Hz Wattage: 1500W

• Easy clean • Low wattage • Portable • Cord length: 89cm.

- Hotplate sizes: 15cm. , 18.5cm. Total Size: 46 x 28 x 9cm.
- Weight: 3.1kg. Voltage 220 240V Freq: 50/60 Hz
- Wattage: 500W (small hotplate) 750W (large hotplate)

Electrical and Gas: Heating range

Cat No E0020Case Pack 6Bahama dual purpose oscillating fan heater

- Wide oscillation Low wattage Quiet fan
- Heats in the winter Fan in the summer Anti-tip cut off
- Size: 29 x 20 x 12 cm. Weight: 1.1 kg.
- Voltage 230V Freq: 50/60 Hz Wattage: 1000 2000W

Cat No E0019 Cas Quest Elite® Bermuda ceramic heater

• Exclusive design • Premium quality • Anti-tip cut off

- Quick heat ceramic plates Low wattage
- Size: 24 x 13 x 20 cm. Weight: 1 kg.
- Voltage 230V Freq: 50/60 Hz Wattage: 500 1000W

Cat No E0021 Barbados Ceramic Heater

Case Pack 24

- Exclusive design Premium quality Anti-tip cut off
- Quick heat ceramic plates
 Low wattage
- Size: 14 x 10 x 12 cm. Weight: 0.6 kg.
- Voltage 230V Freq: 50/60 Hz Wattage: 500W

Cat No 141001 Oil filled Radiator

• Low wattage • 7 Fins • Adjustable heat • Overheat protection

Low

Wattage

- Cord storage
 Carry handle
 Stability feet
- Pressure tested for Additional Safety Cable Length: 140 cm
- Weight: 4.15 kg Size: 33 x 39 x 10 cm
- Wattage: 800w Voltage: 220-240v Frequency: 50/60hz.

Electrical and Gas: Heating range

Cat No 141002 Flame Effect Ceramic heater

- Case Pack 6
- Flame Effect
 Low Wattage
 Lightweight
 Portable
- Ceramic Elements Heat in the Winter Fan in the Summer
- Anti-tip cut off
 Adjustable Heat
 Carry Handle
- Size: 28 x 38 x 16 cm Weight: 2.3 kg.

Cat No 047519 Oscillating ceramic heater

Case Pack 8

- \bullet Heats in the winter \bullet Fan in the summer \bullet Temperature control
- Instant heat Oscillating Anti-tip cut off Overheat cut off
- Size: 16 x 14 x 23 cm. Weight: 1.47 kg. Voltage: 220 240v
- Frequency: 50/60 Hz Wattage: 750/1500W

Cat No 208414 Slimline Quartz Heater

Case Pack 6

- Slim line and Portable Lightweight Adjustable Heat
- Anti-tip cut off• Cool Touch Body Instant Heat Carry Handle
- Size: 40 x 30 x 10 cm Weight: 0.96 kg Voltage: 220-240v
- .• Frequency: 50/60hz Wattage: 400/800w

Cat No E0015 / E0016 Fire red cabinet heaters

- Exclusive colour Two sizes Fitted with butane regulator
- Size: 43 x 40 x 60 cm. Weight: 7.5 kg. Bottles: 7kg.
- Size: 43 x 40 x 72 cm. Weight: 9 kg. Bottles: 7 and 15kg.
- E0015: Small (7kg)
- E0016: Large (15kg)

Electrical and Gas: Cooling range

Cat No 7501S

Coolbox and garden fridge stand

Cat No E0014 45 Litre 3 way fridge

- Car, mains and gas use Piezo ignition Extra quiet running
- Auto switching Cools more than 25° below ambient temp
- .Gross Capacity: 41 L Weight: 16 kg Size: 50 x 51 x 44 cm
- DC Cooling: 85 Watts. AC Cooling: 85 Watts.

• Folds away in seconds • Levelling Leg • Easy to use and store

Cat No 157512 25L Fire red portable coolbox

- Heats and cools Lightweight Easy to carry
- Premium quality Fold away handle A++ rating
- Dual voltage (12v or 240v) Built in cable tidy
- Separator shelf Very quiet motor
- Size: 42 x 40 x 30 cm. Weight: 3.8 kg. Capacity: 25L
- Decibels: 35 dB Cooling: 18 22°c below ambient temp
- Heating: Warms to +65°c by set-point thermostat

Cat No 2060

Case Pack 4

Case Pack 10

Case Pack 6

Cordwheel

- High quality Versatile storage wheel Multiple uses
- Extension cords Soaker hose Rope and more
- Capacity 110" 12 gauge : 125" 14 gauge : 150" 16 gauge

Electrical and Gas: Lighting

Cat No E0017 / E0018 **LED** lighting strip

Case Pack 20

- Extra bright LED lights Extra long Low wattage Can be linked together Remote control Can be used inside and out
- 12V and 240V Length (main unit): 280 cm. Length (extension): 220cm Voltage 230V Ampage: 1 amp Wattage: 1000W • Main Unit: 1 x 2.8M lighting strip , 1 x 5m cable, 1 x remote control, 1 x remote control connector , 1 x 240v UK plug, 1 x 12V cigarette lighter plug, 1 x inline switch • Extension Unit: 1 x 2.2M lighting strip , 1 x 5m cable
- E0017: Main unit (2.8m)
- E0018: Extension unit (2.2m)

Cat No 154598 Serial LED Light

Case Pack 12

• Great for awnings, tents, gazebos, sheds, playhouses + more.

- Extra bright LED's Low wattage Stays cool during use
- 3 lights can be linked together. Consists of : 1 x 120 LED Light, 1 x Power Cable, 1 x 240v UK Mains plug, 1 x 12v Cigarette Lighter plug, 1 x Cable with inline switch, 2 x Pole Clips
- Voltage: 12v/240v. Wattage: 11 w Frequency: 50/60 hz.
- Light Length 120 cm. Cable Length: 5m.• Weight: 0.65 kg

• Lumens: 770 - 880

Cat No 40011

Mains awning and camping light

- Specifically designed for awnings and tents
- Extra long mains cable Hook connection
- Clips for connection to poles
- Cable Length: 6 m Light Size: 20 x 10 x 10 cm.

Electrical and Gas: Kipor generators

Superior

Engine

erformance

Sinemaster

Technology

Everything is done for you. You can keep just enough stock to ensure no lost sales and all extra stock is sent direct to your customer without you having to do anything. Even support is handled for you as the support is done direct with Kipor, so you don't have to worry about a thing.

For the end consumer they are an excellent choice as they represent the very best balance between price, performance and features. They have virtually the same performance and features of the very best generators, but with a much, much lower price tag.

Ideal for RV, Camping, Home applications and many more. All the generators have the following features:

- Clean, high quality power Lightweight Compact and Portable Environmentally friendly
- Okay for even the most sensitive electronic equipment Low Noise Design Highly Fuel Efficient
- Automatic Overload Shutdown Low Oil Level Protection Automatically adjusting engine speed
- Superior Engine Performance

Cat No KIG770

Kipor Generator IG770

- Max Output : 770w Fuel Capacity: 1.55 litres

- Weight: 75 kg Running time (rated output): Approx 5 hrs
- Noise Level: 63 73 dBa at 7 metres

Electrical and Gas: Platinum batteries

We at Quest Leisure have always teamed up with Platinum International and the implementation of the NCC verified battery scheme shows you why. Platinum have one of the largest selection of NCC verified battery ranges available from any manufacturer.

This means that you can get any battery, for any purpose from one single supplier, making it easier than ever before.

It's What's Inside That Counts

Verified Leisure Battery Scheme

What Is The Scheme?

This scheme provides product verification for batteries used in leisure vehicles. With modern leisure vehicles featuring more technology and electrical appliances than ever before, buying an NCC verified leisure battery will give you confidence that the battery purchased is fit for purpose and will perform as advertised.

Battery Classification

The NCC have verified the performance of the label specification on batteries to ensure that you can buy with peace of mind. The batteries will be verified and labelled accordingly into three categories, A, B and C, depending on their category and purpose. By using your knowledge of how you use your caravan or motorhome, you can then choose the best battery for your vehicle.

350+ Life Cycles at 50% Depth of Discharge
 Minimum Capacity 90Ah

Class A is for batteries with a higher storage capacity for people who frequently use their caravans or motorhomes away from electrical hook-ups and require high power to operate devices such as microwaves and motor movers. Class A verified batteries typically have 10x more cycles than a Class C Battery.

ROSCH BOSCH

Bosch Leisure Range

Class B batteries are aimed at those who frequently use sites with hook-up facilities, but require a greater battery capacity to operate TVs and other devices. Class B verified batteries typically have 3x more cycles than a Class C Battery.

Platinum Leisure Range

• Class C is for users that require a lower capacity battery to cover basic operation of their habitation equipment for short periods away from a hook-up.

Electrical and Gas: Platinum batteries AGM and Leisure batteries

PLATINUM LEISURE AGM PLUS 360 CYCLES

FEATURES & BENEFITS

- Designed For Motor Movers Designed to cope with the arduous demands placed on the battery by the Motor Mover
- Advanced Plate Design High pure lead oxide gives high resistance to corrosion and reduces self-discharge therefore offers greater storage time
- Absorbed Glass Mat Separators Increases cyclic capability allowing the battery to be discharged and recharged over 360 times, resulting in longer service life
- Sealed Construction Unique construction ensures no electrolyte leakage from terminals or case. This allows fitments in any orientation
- Gas Recombination Recombines any gasses created during normal usage, totally maintenance free
- Sealed Low-Box Ideal where the fitment location of the battery is restricted

Platinum AGM Batteries

• EP001 : Platinum AGMLB6110L

PLATINUM LEISURE

FEATURES & BENEFITS

- PLATINUM Brand Name Is synonymous with premium quality and the very best performance, giving the consumer complete confidence in the product
- State Of Charge Indicator Easy to use visual indicator to check the battery's charge and acid levels
- Engineered For Durability, Cycling And Extended Life
- Maintenance Free Fit & Forget

- Sealed Low-Box & Dual Post Batteries Available Ideal where the fitment location of the battery is restricted or where multiple battery connections are required.
- Labyrinth Lid Technology And Spark Arrestor Allows emissions to be safely exhausted externally from the caravan or motorhome with added protection against gas combustion within the battery

Platinum Leisure Plus Batteries

- EP010 : Platinum Leisure LB6110L • EP007 : Platinum Leisure SD690L • EP008 : Platinum Leisure S6110L
- Platinum Leisure Plus Batteries (Dual Posts)
- EP013 : Platinum Leisure SD685L

- BOSCH LEISURE

200 CYCLES

- Ion-Permeable Pocket Separator Prevents contact between positive and negative plate - for longer service life and higher starting power.
- Patented Powerframe (Grid) For Optimum Current Flow And Reduced Corrosion_® The flow-optimized grid design of the Powerframe guarantees consistently high starting power and a long service life. In addition, a special alloy ensures high corrosion resistance and a significantly lower self-discharge

Bosch Specialist Batteries

- EP016 : Bosch L5008 • EP017 : Bosch L5080
- EP018 : Bosch L5013

650 - 1850 CYCLES

FEATURES & BENEFITS

- Tin Alloy Coated Brass Terminals To ensure secure, corrosion-free cable connections, our brass terminals are coated with a high-quality tin alloy
- Packed with More Power Increased cyclic capabilities from a low box size battery. Perfect for Motor Movers!
- Robust Intercell Connections To resist vibration and eliminate internal sparking, cell connectors are casted to the plates and bonded

Odyssey Extreme Batteries

- ED001 : Odyssey PC1350 ED002 : Odyssey PC1800FT ED003 : Odyssey PC2150

LEISURE BATTERY

CLASS

- Robust Plates Extends the service life
- Specialist Fitment Suitable for large Motorhomes and RVs
- Comprehensive Range Available from 76 230 amps, with multiple terminal options
- Up To 5 Times More Cycles Than a standard Leisure battery
- Gel Batteries Designed to cope with a Deeper Depth of Discharge where charging is infrequent
- AGM Batteries Completely sealed, faster recharge than lead acid
- Size (lwh): 318 × 174 × 221 mm Size (lwh): 324 × 171 × 234 mm
 - NCC Class: A

• NCC Class: A

- Leak-Proof And Tilt-Proof Up To 45°
- Backfire Protection High safety thanks to its backfire protection and the labyrinth lid returning condensed water to the battery
- Absolutely Maintenance-Free Fit & Forget
- Set Of Plates With Particularly Robust Connection The central arrangement of the connectors between positive and negative plates ensures additional stability
 - NCC Class: B • Size (lwh): 353 × 175 × 190 mm • NCC Class: B

- Compressed AGM Plate Separators For extreme vibration resistance, the AGM plate separators are compressed before being inserted into the case
- Pure Lead Plates To provide more power, the plates are constructed from 99.99% pure lead. The plates are extremely thin, so more of them can fit into the battery. More lead plates means more power

Electrical and Gas: Gas products

Case Pack 12

Cat No 1184 **Clipper Gas Refil 250ml**

- Universal Butange Gas Refil Canister
- Fills all major lighter brands fast and efficiently

Cat No 1186C **Clipper Tube Lighter**

- Case Pack 12
- Easy to Use Safer than matches
- 4 Assorted colours in a display box of 12.
- Colours: Black, White, Red, Blue
- Gas: Butane Size: 19 x 3 x 2 cm.

Cat No 7150 **Orange Hose 50M**

- BS3212 Type 2 Orange.
- Maximum working pressure of 17.5 bar.
- 8.0mm 5/16" bore 15mm o.d.

Case Pack 3

Case Pack 7

Case Pack 4

• Great value • 4 pack • 220g Butane Gas Cartridges

Cat No CT3438

Double Burner Gas Stove

- Easy to clean Easy to use Butane gas stove Auto ignition Pressure protection Incorrect cartridge insertion prevention
- Uses 7174 (220g) gas cartridges Size: 64.5 x 28 x 9 cm.
- Weight: 2.75 kg. Normal heat input 2.5kw / 155g/h x 2

Car, Caravan and Tent: Caravan accessories

Cat No C021 **Double step in caravan white**

Case Pack 6

- Colour matches perfect with caravan and motorhomes
- Anti sink bars
 Anti-slip tops
 Solid construction
- Size: 65 x 44 x 38 cm. Step heights: 18 and 38 cm.
- Weight: 3.5 kg.

Cat No CO20 Single step in caravan white

Case Pack 10

- Colour matches perfect with caravan and motorhomes
- Anti sink bars
 Anti-slip top
 Solid construction
- Size: 25 x 30 x 38 cm. Step height: 25 cm.
- Weight: 2.5 kg.

Cat No C022Case Pack 12Double step with handrail in caravan white

- Colour matches perfect with caravan and motorhomes
- Anti sink bars
 Anti-slip tops
 Solid construction
- Hand rail can be mounted either side
- Size: 65 x 44 x 110 cm. Step heights: 18 and 38 cm.
- Handrail height: 110 cm. Weight: 4 kg.

Cat No C024 Case Pack 12 Westfield Outdoors® premium double step

- Premium quality Adjustable Slides together for easier storage
- High visibility step fronts Anti slip step Load spreading feet
- Extremely strong and sturdy
- Size: 80 x 47 x 117 cm. Step heights: 20 and 37 cm.
- Handrail height: 117 cm. Weight: 5.7 kg.

- Extremely compact Folds away into its own bag
- Size: 50 x 40 x 67 cm Seat height: 22cm. • Folded: 20 x 22 x 100 cm.
- Weight: 2 kg Max load: 100 kg.

Awnings, Tents and Canvas: New technology

The Advanced Air System 2 (AAS) is a next generation air tube system. It has been created to give you the benefits of both a multi-inflation system as well as the ease of use of a single inflation system.

The system uses 4 layers for strength and stability. It has the internal bladder which is the part that you inflate. You then have a dual layer protective cover that has a PE and polyester covers bonded together, that adds protection and increases stability. The PE layer of the protective cover is also reinforced at the stress points giving it extra strength and stability. You then have a sleeve which is sewn into the awning which adds a final layer of protection and stability. This not only improves the protection around your air tube, as well as the stability of the awning as the tube is held in position better.

The advanced air system goes one step further than its rivals by giving you the option of multi-inflation or single inflation as well as making it easier and quicker than ever before. No longer do you have to choose between single or multi-inflation, you can have both and use whichever is better for you.

This single inflation system can be inflated by any of its independent valves giving you the maximum of flexibility and in the event of a failure you can simply just remove the affected tube and the system reverts automatically to an independent tube system.

The Air Erect System 2 (AES) is a latest generation, easy to use, simplified air erect system. It is simplified to make it easier to use and less to go wrong.

The system uses 4 layers for strength and stability. It has the internal bladder which is the part that you inflate. You then have a dual layer protective cover that has a PE and polyester covers bonded together, that adds protection and increases stability. The PE layer of the protective cover is also reinforced at the stress points giving it extra strength and stability. You then have a sleeve which is sewn into the awning which adds a final layer of protection and stability. This not only improves the protection you get from the PC cover, but also the stability of the awning as the tube is held in place and position better.

The Air Erect System has individual air tubes rather than a joined system which makes each tube extremely easy to pump up and in the event of a failure only one tube is affected.

It also uses an easy to use single way valve for inflation which is simplicity itself, simply push the pump in and pump.

Awnings, Tents and Canvas: New fabrics

A next generation luxury material.

This is a brand new 300D material which is unlike any other. First of all it is stronger than all of its counterparts. It has a higher tensile strength than standard 300D ripstop material. It is the strongest 300D material available today. It is woven in a completely new way making the final material stronger than previously possible.

Next it is thread dyed rather then woven and then dyed. This means each individual thread has been dyed before it is woven together, usually the material is first woven together and then dyed as it is easier and cheaper, but this material is dyed and then woven. It allows more dye to penetrate the material and each thread gets completely coated allowing for a better and longer lasting colour.

A latest generation luxury material.

This is an excellent, luxurious 300D oxford polyester based material with a unique durable and U.V. stable coating.

The coating not only adds strength and stability to the fabric, but also adds a softer

touch giving you a luxury material, with the performance to match and keeps the weight down making it easier to use and manage.

The fabric is made even stronger due to the internal rip stop structure helping to give the fabric extra strength and durability. It lasts longer than lightweight materials and gives your awning a luxurious look and feel.

A latest generation strong and durable material.

It is a brand new 200D oxford polyester based material with a unique durable and U.V. stable coating that adds strength and stability to the fabric.

The fabric is made stronger by the addition of the ripstop giving you a perfect balance

between strength, durability and weight. It lasts longer than lightweight materials, is still lightweight and easy to use whilst giving you the durability and strength of a heavyweight material.

A latest generation lightweight material.

The fabric itself is a U.V. coated and treated 190T polyester (also known as a 75D material).

It has an advanced, durable U.V. coating which gives it extra protection against the harmful suns U.V. rays and extends the life of your awning. The material is extremely is fast drying as it does not soak up the rain and is easy to clean.

lightweight making it easy to handle. It is fast drying as it does not soak up the rain and is easy to clean.

The anti-weather system is not one item but a host of improvements and updates that gives the awning better weather protection.

There are additional weather panels sewn into the canvas at points where the weather could get in. This panel is P.U. coated on both sides and taped on both sides giving you better weather protection.

There is additional guttering on external windows with zips, which add extra protection against the rain. All tie back points or pockets that are sewn in are made from 100% waterproof PVC rather than standard webbing material. Standard material can soak water up and eventually lead to leaks, the waterproof PVC simply does not.

Features

- Advanced Air System 2
- Single inflation
- HydroDore XT Pro Fabric
- Anti-Weather system added protection
- Quick and easy to erect
- Removable front and side panels making it lighter and easier to feed though your awning channel
- 'Keep dry' pegging system

Model Shown: Air porch universal inner tent (For use with Carina, Gemini and Dorado)

Flooring

- Flooring is the perfect companion to your awning, tent or Screen House. We have bespoke flooring, carpet and footprint solutions for the majority of our products, all of which are listed below.
- We have breathable flooring (shown above) for our awnings which is breathable so it can be used on any camp site, no matter the regulations.
- We have comfort carpet for tents and drive away awnings, as they have sewn in groundsheets you do not want breathable matting, so the carpet gives you extra comfort and a nicer feeling underfoot.
- Finally we also have footprints for our tents and drive away awnings. These are great as they give extra protection to the sewn in groundsheet for your model and make it easier to clean and dry when used in wet conditions.

Awning breathable flooring

- The perfect companion to your awning or Screen House Made specifically for that model
- Breathable, so allows the grass to grow underneath Hard wearing and durable

Quest Leisure: Terms and conditions

Carriage

Orders in excess of the amount listed below will be carriage free. All orders under this amount will attract a carriage surcharge. Any area's not covered by the list below will be arranged individually.

- Mainland UK : £250.00
- Northern Ireland : £500.00*
- Eire: £500.00*
- Channel Islands : £500.00*
- Isle of Man: £500.00*
- Scottish Highlands: £500.00

*Carriage to Northern Ireland, EIRE, Channel Islands and the Isle of Man may incur an additional freight cost based on the order value and the freight charges at the time of order.

Receiving Goods

Please ensure that you and your staff sign the carriers consignment notes for the correct number of boxes actually received. Any discrepancies must be reported to Quest immediately. There can be no claim for shortage of boxes signed for.

Settlement

All accounts are due for settlement 30 days nett monthly from the date of invoice.

Overdue Accounts

An interest charge of 2% per calendar month will be applied to all overdue accounts. Legal fees and expenses of recovery will be recharged to the customers.

Returns

Carriage charges for goods returned to us via your own carrier are non-redeemable without prior authorisation. Goods returned should be notified under separate cover stating invoice number and reason for return. **NOTE**: Only complete items in new condition will be replaced or credited to your account and no cheque or cash refunds will be issued.

Descriptions

All details and sizes are approximate and for guidance only.

Prices

All prices are subject to alteration without prior notice.

Retention of Title

The property on all items sold by the company shall remain with the company until such sums at any time owing to the company under this or any other contract have been paid in full. The company reserves the right to repossess the items at any time and from any person, firm or company and from any place until such sums due to the company have been paid in full.

Freight on Board (FOB)

All freight on board prices are based on our standard terms of 30% deposit and 70% balance when the goods are shipped from their destination.

Quotations

All quotations are valid for 28 days from the date of the quotation.
