Welcome to the great outdoors

Established for over 30 years, Quest Leisure is a leading supplier of quality products to the caravan, camping, outdoor leisure, home and garden sectors. We love the great outdoors and design our products to help you make the most out of it. We use and test our products ourselves and as such you will find design tweaks and added features on our products not available anywhere else. We regularly update our products using our own experiences as well as feedback from customers and retailers giving us multiple best selling ranges and lines.

Buy with Confidence

To be certain of obtaining higher quality products made to the highest possible standards, where manufacturing and testing processes are truly thorough, buy with confidence from Quest.

Not only do we have our own agents worldwide, you can be assured that we visit every one of our suppliers each year to give you a guarantee of continuous quality and confidence that products, processes and delivery match our excellent standards.

Always looking to improve our services, we have invested in our own infrastructure and, have dedicated staff covering all areas of our business on hand to help or offer guidance; simply give us a call.

At Quest we offer extra services and support to all of our customers as standard. These extra services and support are available to any of our customers, at any time and without any extra costs.

Dedicated Staff

We have a dedicated returns, parts and service team who look after all our returns and help with requests for parts and information on our products. We have multiple lines coming in on our standard number (01527 516518) which comes straight through to our office team who not only process your orders, but also provide first line help and support to all of our customers.

We have a dedicated Canvas Queries team who look after all the queries, issues, warranties and registrations of our canvas models and are available to all of our customers.

Automated Services

We also offer automated stock services to any of our customers. This could be a simple automated email that lets you know current stock levels every day, or a full blown export of our products which contains, barcodes, stock status, extended descriptions and anything else.

We have also introduced a website extract which is specific to yourself and contains all the required information to help you maintain and update your own website easily and efficiently.

WEEE & Packaging Compliance

We have just introduced automated WEEE and Packaging Waste exports for customers as well.

We know how difficult and time consuming collecting all the information required for the Government WEEE and Packaging regulations is, so we have done all the work for you and can simply email you the details whenever you wish.

We are always expanding the services we offer to our customers and if there are any specific requests you have, simply ask and we will investigate for you.

Quest Sleeping Bags.

Here is the quest sleeping bag line up. They all carry the same advanced features making them better than a number of their rivals.

- **Zip together** : All of our bags can be zipped together. This allows you to turn any of them from two singles to a real cosy double, or the double into a simply colossal family quad.
- **Soft outer** : A soft touch outer makes them nicer to touch and feel adding that extra layer of luxury.
- **2 way zips & baffles** : This firstly allows you to zip the bag partially open from the top or bottom to give you vents allowing the air in when you want. Then the baffles help stop those annoying snags.

We at Quest Leisure have always teamed up with Platinum International and the implementation of the NCC verified battery scheme shows you why. Platinum have one of the largest selection of NCC verified battery ranges available from any manufacturer.

This means that you can get any battery, for any purpose from one single supplier, making it easier than ever before.

It's What's Inside That Counts

Verified Leisure Battery Scheme

What Is The Scheme?

This scheme provides product verification for batteries used in leisure vehicles. With modern leisure vehicles featuring more technology and electrical appliances than ever before, buying an NCC verified leisure battery will give you confidence that the battery purchased is fit for purpose and will perform as advertised.

Battery Classification

The NCC have verified the performance of the label specification on batteries to ensure that you can buy with peace of mind. The batteries will be verified and labelled accordingly into three categories, A, B and C, depending on their category and purpose. By using your knowledge of how you use your caravan or motorhome, you can then choose the best battery for your vehicle.

Intended Purpose:
Frequently used without electrical hook-up

**LEISURE BATTERY
CLASS
A**

- ▶ 350+ Life Cycles at 50% Depth of Discharge
- ▶ Minimum Capacity 90Ah

Trojan

Platinum Leisure
AGM Plus Range

Odyssey
Range

- Class A is for batteries with a higher storage capacity for people who frequently use their caravans or motorhomes away from electrical hook-ups and require high power to operate devices such as microwaves and motor movers. Class A verified batteries typically have 10x more cycles than a Class C Battery.

Intended Purpose:
For use with electrical hook-up with minimal off-grid habitation usage e.g. Lights, TV

**LEISURE BATTERY
CLASS
B**

- ▶ 200 - 350 Life Cycles at 50% Depth of Discharge
- ▶ Minimum Capacity 90Ah

Bosch Leisure Range

- Class B batteries are aimed at those who frequently use sites with hook-up facilities, but require a greater battery capacity to operate TVs and other devices. Class B verified batteries typically have 3x more cycles than a Class C Battery.

Intended Purpose:
For use with electrical hook-up with minimal off-grid usage e.g. Lights

**LEISURE BATTERY
CLASS
C**

- ▶ 70-200 Life Cycles at 50% Depth of Discharge
- ▶ Minimum Capacity 60Ah
