- Closes the gaps in the top of the bricks.
- 15 Plugs in each kit

# Enders®

## Say Hello

to your new favorite BBQ and heater range

Quest Leisure is pleased to announce a partnership with Lifestyle Appliances and Enders German BBQ and heater manufacturers.

This partnership will give you access to the entire Enders range of BBQ's, heaters, accessories and outdoor lifestyle appliances and allow you to combine them with the entire Quest Leisure product catalogue. Giving you access to a brand new Brand of high end BBQ's and lifestyle appliances without the need to increase your supplier portfolio.

# Enders®

## Sample Product Lines

Listed below are a small sample of the Enders range to allow you to get an idea of the items available. For a full range and details please see your dedicated sales representative.

### AURORA

The AURORA® is the non-smoker among charcoal tabletop barbecues. With its battery-powered and extremely quiet E-FAN BBQ fan technology, it not only ignites the easy-to-fill charcoal store under the enamelled grill surface, but also your passion for the original way of barbecuing.

### KANSAS PRO

The KANSAS PRO range seriously turns up the heat. Its HEAT RANGE™ stainless steel burner architecture ensures that the heat is distributed evenly throughout the barbecue right up to the edges, so your food can cook at a steady low or high temperature of 80–300°C in the cooking chamber. And there is a lot more to our KANSAS PRO gas barbecue range

### NOVA

Our NOVA® range recaptures the spirit of fire and produces relaxing, fascinating flames for you to enjoy. The slender cases of the two fireplaces are available in black, brown, grey and taupe with matching gas cylinders and reflectors. A round red LED light emphasises the playfully flickering fire in the middle, while the base of the elegant pillar is illuminated by an indirect light.

### ECO PATIO HEATERS

Just imagine: you're finally sitting together with your friends again. In the fresh air on the terrace or balcony, of course, and everyone's in a great mood. Who wants to let the weather throw a spanner in the works and sacrifice a beautiful evening to a low-pressure zone or a cold front? TIME for Enders ECO patio heaters. Why Enders? It's obvious! Because Enders patio heaters use intelligent technology to squeeze even more radiant heat out of every kilowatt.

Cat No O0300  
**Merlin 400 Smoke Free Fire Pit**

Outer Carton 1

- Premium quality • Made in the UK • 316L marine grade stainless steel ensures durability and a longer lifespan than its rivals
- Clean burn technology minimizes smoke and increases combustion efficiency. • Perfect for the garden, camping, the beach, in fact anywhere • 4 Simple steps, easily done in 2 minutes : 1 Place stand in position | 2 Put fire pit on stand | Place burner inside and lock | Place heat shield on top and you are ready to go
- Height : 41.3 (with stand) , 35.7 (without stand) cm • Diameter : 40 cm • Weight : 8.03 kg

**EFFICIENT & SMOKE FREE BURN EVERY TIME**

# nomadiQ

bbq everywhere

## NomadiQ Portable BBQ

Brand new to the market, this is possibly the worlds best portable BBQ. It has been designed from the outset to be a fully usable gas BBQ, that packs away to the smallest footprint possible.

We have partnered with NomadiQ to bring together this amazing 3M stand with presentation screen to help promote the new BBQ.

# HEAT MACHINE

Warm clothing is fast becoming an all year round seller, with the drop in temperature we are getting coupled with the increased heating costs we have seen an increase in sales not only during the winter, but also during the rest of the year.

We have teamed up with a leading manufacturer 'Heat Machine' to create three great stand deals to allow you to simply drop these onto your shop floor with the greatest of ease.

We have chosen a range that offers the best selection of value, sales and breadth of product to give maximum results.

# Grangers®

## Grangers stand deal

Grangers are a British brand, who are dedicated to protecting you against the elements and have been since 1937. With a passion for the outdoors, and the unpredictability of British weather, we love nothing more than defying the elements and being able to make any adventure possible.

With the increased costs of items, the current climate and the move to a more sustainable future, it is becoming more and more popular to repair and fix your existing products and make them last longer. This set of products from Grangers does exactly that and helps protect the end user from the british weather, all in one.

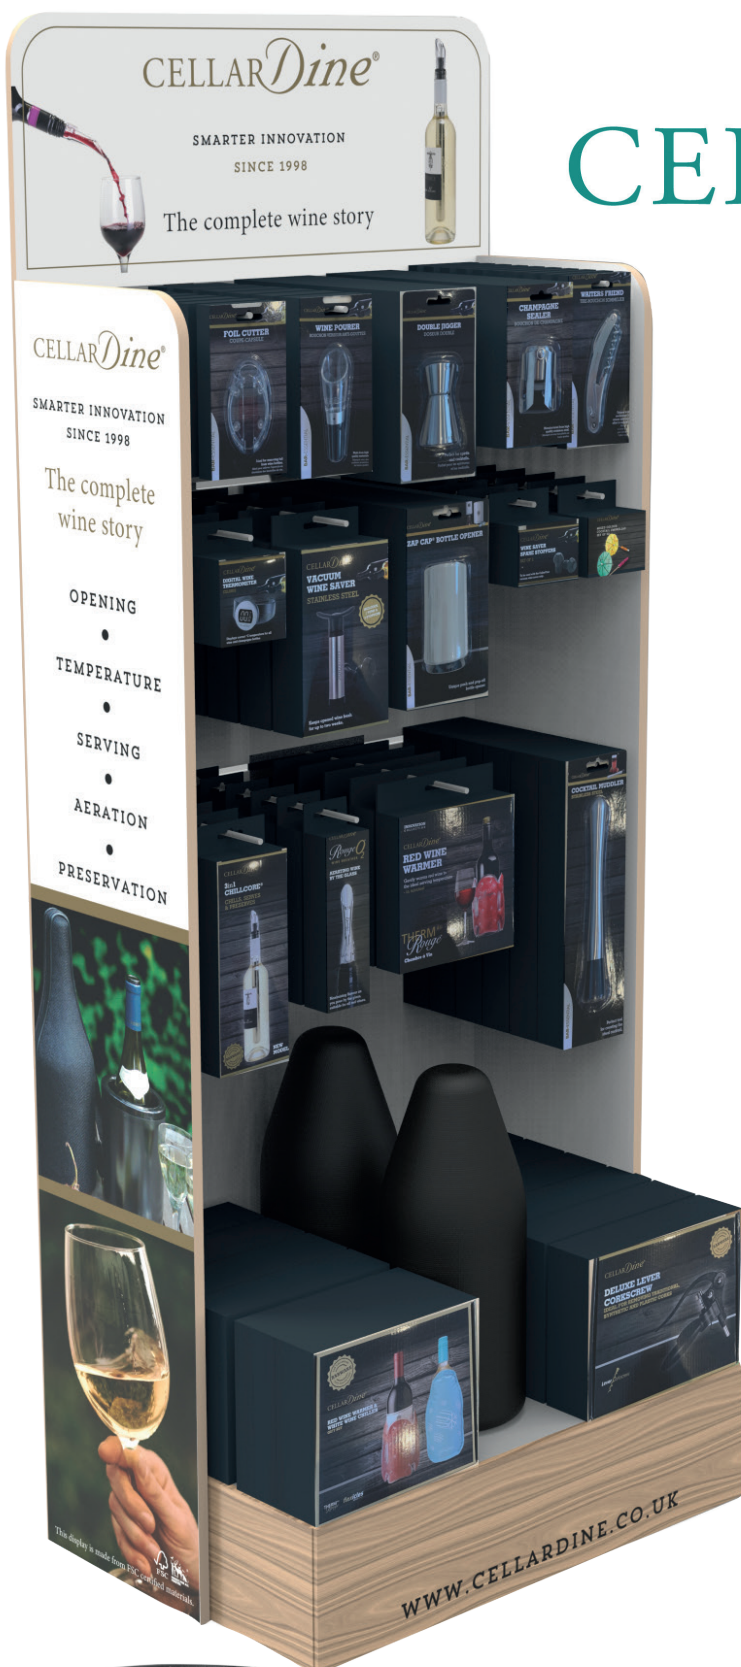

We have put together a POS stand plus a number of products which wash and protect your existing clothing, tents, awnings and more allowing them to perform better and last longer.

# CELLAR*Dine*<sup>®</sup>

## Cellardine stand deal

CellarDine was set up in 1998 to design and develop original and innovative products for the retail trade, where we started with just one product; the Therm au Rouge red wine warming sleeve. As a family business we design all products from pen to paper, looking to create exciting new innovation which is useful, functional and affordable.

We have put together a POS stand plus a number of the cellardine products which will give you not only an excellent looking selection of products, but also a great selection of their best selling lines, ready to go.

# FALCON *Air* Canopy

This is an extremely lightweight and easy to use canopy, it is less than 8 kg which means it can easily be picked up and pitched by a single person. The Quest Tec 150D fabric gives a perfect balance between light weight, performance and price, plus it is quick and easy to maintain.

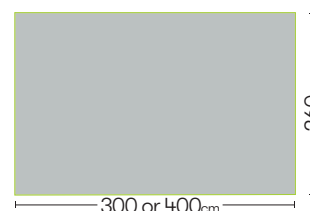

The Falcon Air Technology (FAT) system combined with a single point inflation tube system means you get a canopy which only takes a minute or two to inflate, even less to deflate. It also uses the Super Tube main beam which gives additional strength and stability over its thinner rivals. The added storm straps give you extra ground anchorage and protection from the wind. The canopy can be extended with the addition of the front panel or side panels giving you even more protection from the elements.

## Features

- | Quest Tec150 lightweight performance fabric. | Falcon Air Tech Air System.
- | Very lightweight. | Single person pitch. | Small pack size. | Pop up inner tent ready. | UV 50+ Protection. | Single point inflation for ease of pitching. | Quick drying. | Super beam. | Storm straps. | Optional (purchased separately) front panel. | Optional side walls (sold in pairs - purchased separately) |

Pitching weight*	7.8 kg	1.5 kg	1.8 kg	7.2kg	1.3 kg	1.8 kg

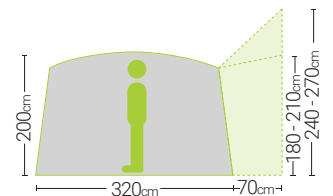

# CONDOR *Air* | Drive Away

The Condor Air is a lightweight, easy to use air drive away awning, that can be extended in size by simply zipping on the optional extension onto the front of the awning. It can be used on its own as a tent, or by zipping on the optional low or high top connector as a drive away awning. The front panel can be removed to give you a fully open canopy area to the front or zipped shut to give you extra space inside your awning.

The Falcon Air Technology (FAT) system is simplicity itself and can even be fixed on site by yourself if the very worst happens. Combine this with the lightweight yet durable 150D fabric you get great performance without the weight of the heavy awnings.

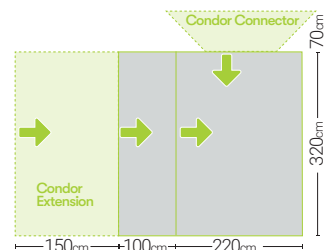

## Features

- | Quest Tec150 lightweight performance fabric.
- | Falcon Air Tech Air System.
- | Lightweight.
- | Single person pitch.
- | Small pack size.
- | Pop up inner tent ready.

# FALCON | Base *Air* 200

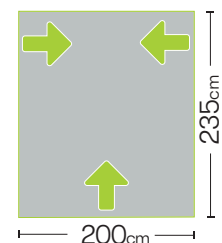

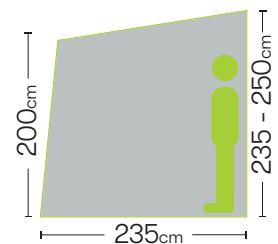

The Base Air 200 porch is a special edition of the extremely popular Falcon Air porch awning. It is a true lightweight air awning combining the ease of use of an air porch with the added advantage of a true lightweight porch.

This edition is made to fit the Swift basecamp caravan perfectly, but can also be used on any standard caravan giving you a small 200cm wide porch.

The Falcon Air Technology (FAT) system gives you a single main beam which only takes a minute or two to inflate, even less to deflate. The added storm straps give you added ground anchorage and protection from the wind. It also uses a lightweight 150D material giving a perfect balance between light weight, quick dry, performance and price.

## Features

- | Quest Tec150 lightweight performance fabric. | Falcon Air Tech Air System. |
- | Very lightweight. | Single person pitch. | Small pack size. | Pop up inner tent ready. | UV 50+ Protection. | Internal blinds. | Single main air beam for ease of pitching. | Three doors. | Large windows | Permanent ventilation built in | Ventilation side doors (large). | Sun canopy front panel. | Roll up front panel. |
- | Rear draught pads. | Quick drying. | Two way mud wall. | Storm straps. |

Item Code	A3519
Width	200 cm
Pack size (cm)	75 x 30 x 29
Total weight	8.2 kg
Pitching weight*	7.2 kg

## NEST | Shelter

The Nest is an extremely lightweight shelter or day room. Perfect for anyone after a simple no-nonsense shelter / day room.

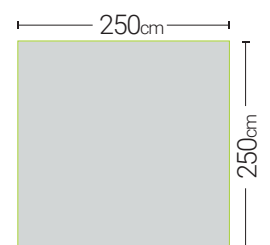

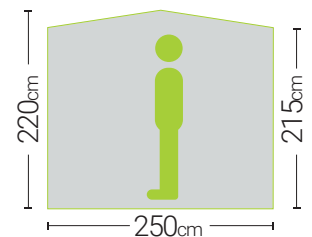

The extremely lightweight 75D material gives you an incredibly lightweight shelter of only 7 kg of total weight) which means it is even extremely easy to carry around if there is just one of you.

The fibreglass poled frame is both lightweight and easy to use. The bend and flex helps the NEST move in the wind allowing it to perform better as it moves with the wind rather than standing against it.

Quick, easy, extremely lightweight and amazing value - The Nest shelter.

### Features

| Quest Tec75 very lightweight fabric. | Simple easy to use fibreglass frame. | Very lightweight. | Single person pitch. | Very small pack size. | Pop up inner tent ready. | UV 50+ Protection. | Internal blinds. | Two doors. | Large windows | Ventilation windows. | Door folds away into storage compartment. | Quick drying. |

# FALCON | AirShield

This is the all new Falcon AirShield. It is a modular air windbreak. Modular as every panel zips together, even when you purchase the 3 panel main unit it still comes as three separate panels that you can zip together, allowing you to use as many (even as few as 1) as you actually want.

It also means that you can extend the shield, simply by purchasing additional panels or even another 3 panels and putting them all together. It also means that the windbreak can be pitched at different angles as every panel can be moved in a different direction.

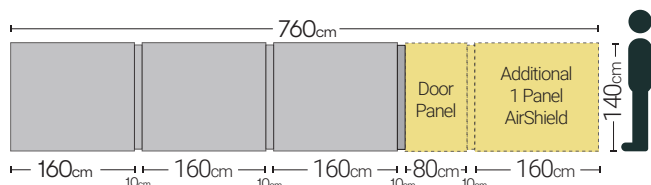

With its dual inflation points on each panel and the use of the Falcon Air Technology (FAT) system it also ensures it is easy to pitch.

Item Code	A1038
Model	500
No of panels	3
Size	500 x 140 cm
