F1304 : Ragley Pro lounge full instructions

Thank you for purchasing this product. At Quest we take every care to ensure that the product fulfills your expectations. We hope you enjoy using this product.

General Use

Failure to follow the general use instructions below could lead to damage to the chair or injury to your person. Always read and follow these instructions when using the product.

- Always ensure that the arms are locked in position before leaning against the back of the chair.
- Always ensure all legs remain in contact with the ground and take extra care when using the chair on uneven ground as this can lead the chair to move about.
- Children should always be under direct adult supervision when using this product and must not be allowed to operate any folding or adjustable mechanisms.
- Keep hands away from folding parts to prevent entrapment. Take care when opening, closing and or adjusting this product.
- Ensure that the side table is folded away before folding the chair.
- Do not force the product at any time, the product will fold away without the need for undue force.
- Do not leave outside in severe weather conditions.
- Please retain all information for further reference

Folding and Unfolding

- Take the lounge from the bag and stand it upright as shown (image 1).
- Unfold the lounge from both ends as shown in image 2. You will have to unfold each side on its own.
- Once the lounge has been unfolded, unfold the two end legs as shown in image 5.
- Lock both legs using the leg locks (2 per leg) as shown in images 6 and 7.
- Once the legs are locked turn the lounge the correct way up and it should look like image 8.
- To slide the side table out, first turn the side pin down as shown in images 9 - 10 (if not already done).
- Once the side pin is in the ready position, slide the table from under the lounge rotate and clip onto the side pin as shown in images 11 - 12.
- When sliding the table away, please ensure the side table is not behind the leg tube (as shown in images 3 - INCORRECT and 4 - CORRECT) as this can lead to damage on the frame.
- To adjust the recline simply position the back rest using the adjustable positions on the frame as shown by image 13. There are 4 different positions to choose from.
- You can also adjust the position of the head rest simply by moving it up or down, or it can be removed completely.
- The head rest can also be tightened by using the adjustable strap located at the back of the head cushion as shown in images 14 and 15.

Storage

To help keep your product looking newer for longer and prolong the life and use of the product, we recommended that the product is covered when not in use.

If the product is not going to be used for an extended period (such as a winter period) we recommend that it is carefully folded away and stored in a clean, dry and free from damp location.

Care and Cleaning Instructions

Never use and harsh or abrasive cleaners or brushes when cleaning this product as the frame and fabric may be damaged when doing so.

Never fold and put the product away when wet as this can trap water in the product, which can lead to mould and mildew build up.

- **Fabric** : We recommend using a dedicated fabric cleaner for the fabric, if one is not available simply warm soapy water. After it has been cleaned, rinse with clean water to make sure there's no soap or cleaner left inside the fabric. Once rinsed allow the product to dry naturally before folding away and storing.
- **Frame** : First allow any dirt to dry and brush with a soft brush to remove loose dirt. Once this is done wipe the frame down with warm soapy water and a soft cloth. Once cleaned allow to dry naturally before storing away.
- **Side Table (If applicable)** : Simply wipe the table down with warm soapy water and a soft cloth. Once cleaned dry with a towel or soft cloth afterwards.
