RANGE FEATURES

The Quest Lakeland range is all about lightweight, pack size and added features.

They are a high quality range of pack away furniture that have unique and added features to give you great value, lightweight, small pack size and great usability.

QTex Weave Fabric

This is a premium hard wearing fabric which comes in different levels of padding and comfort. The material is extremely durable and easy to clean helping it last longer. The base material is a very high quality 600D polyester, but it has a modern PU coating which gives it extra durability and protection from the sun's rays without lowering the comfort levels of the soft fabric. This coating helps the chair to look better and last longer than its cheaper rivals. The fabric also has three levels of padding, Quilted which is the thinnest of the padding and helps keep the pack size and weight down. Then padded, which gives added comfort and finally extreme padded which gives the absolute maximum of comfort available..

Added Features

This range has many added features you do not see on other chairs. Like the tilted back on the Grassmere giving added comfort, or the included clip on/off leg rest on the Ambleside relaxer giving the Lakeland range a unique feel, style and feature list simply not found on its rivals.

Pack Away Frames and Carry Bags

Every chair in this range has a pack away frame to make the pack size smaller. These frames simply collapse and fold into a small pack size making them easier to carry and store away when not in use. They all also come complete with their own colour coded carry bag which makes them even easier to store away but also offers extra protection for your chair helping them to last even longer.
