

The background of the entire image is a textured, scale-like pattern. The main scene is a silhouette of a knight on a horse, viewed from the side. The knight is holding a sword aloft in his right hand. Behind them, a large, dark shadow of a dragon is cast against a bright, hazy sky. The dragon's wings are spread wide, and its tail is visible. The overall atmosphere is mysterious and dramatic.

# ...IMMERSE YOURSELF IN MYSTICAL WORLDS

Hello! I am Wendel, the  
dragon master!

In many ancient legends dragons are said to terrify people. One legend tells of eight dragons guarding a treasure in a cave. ...IMMERSE YOURSELF IN MYSTICAL WORLDS.

Allow your visitors to dive into the mysterious age of dragons and take them on a mystical adventure. Detailed dragon exhibits will captivate your guests, so will the stories and adventures of the brave Knight Wendel on his journey to becoming a true dragon master.

Dive into a dragon adventure on the high seas with water dragon **Vindicta**. Fortunately nowadays cameras are able to capture this spectacular moment of you sitting in a boat close to the mighty dragon.

Do your best to show dragon **Azula** that you are already an expert in dragon skills and that you are able to assist Knight Wendel on his dangerous mission.

## OVERVIEW OF THE EXHIBITS AND INTERACTIVE STATIONS

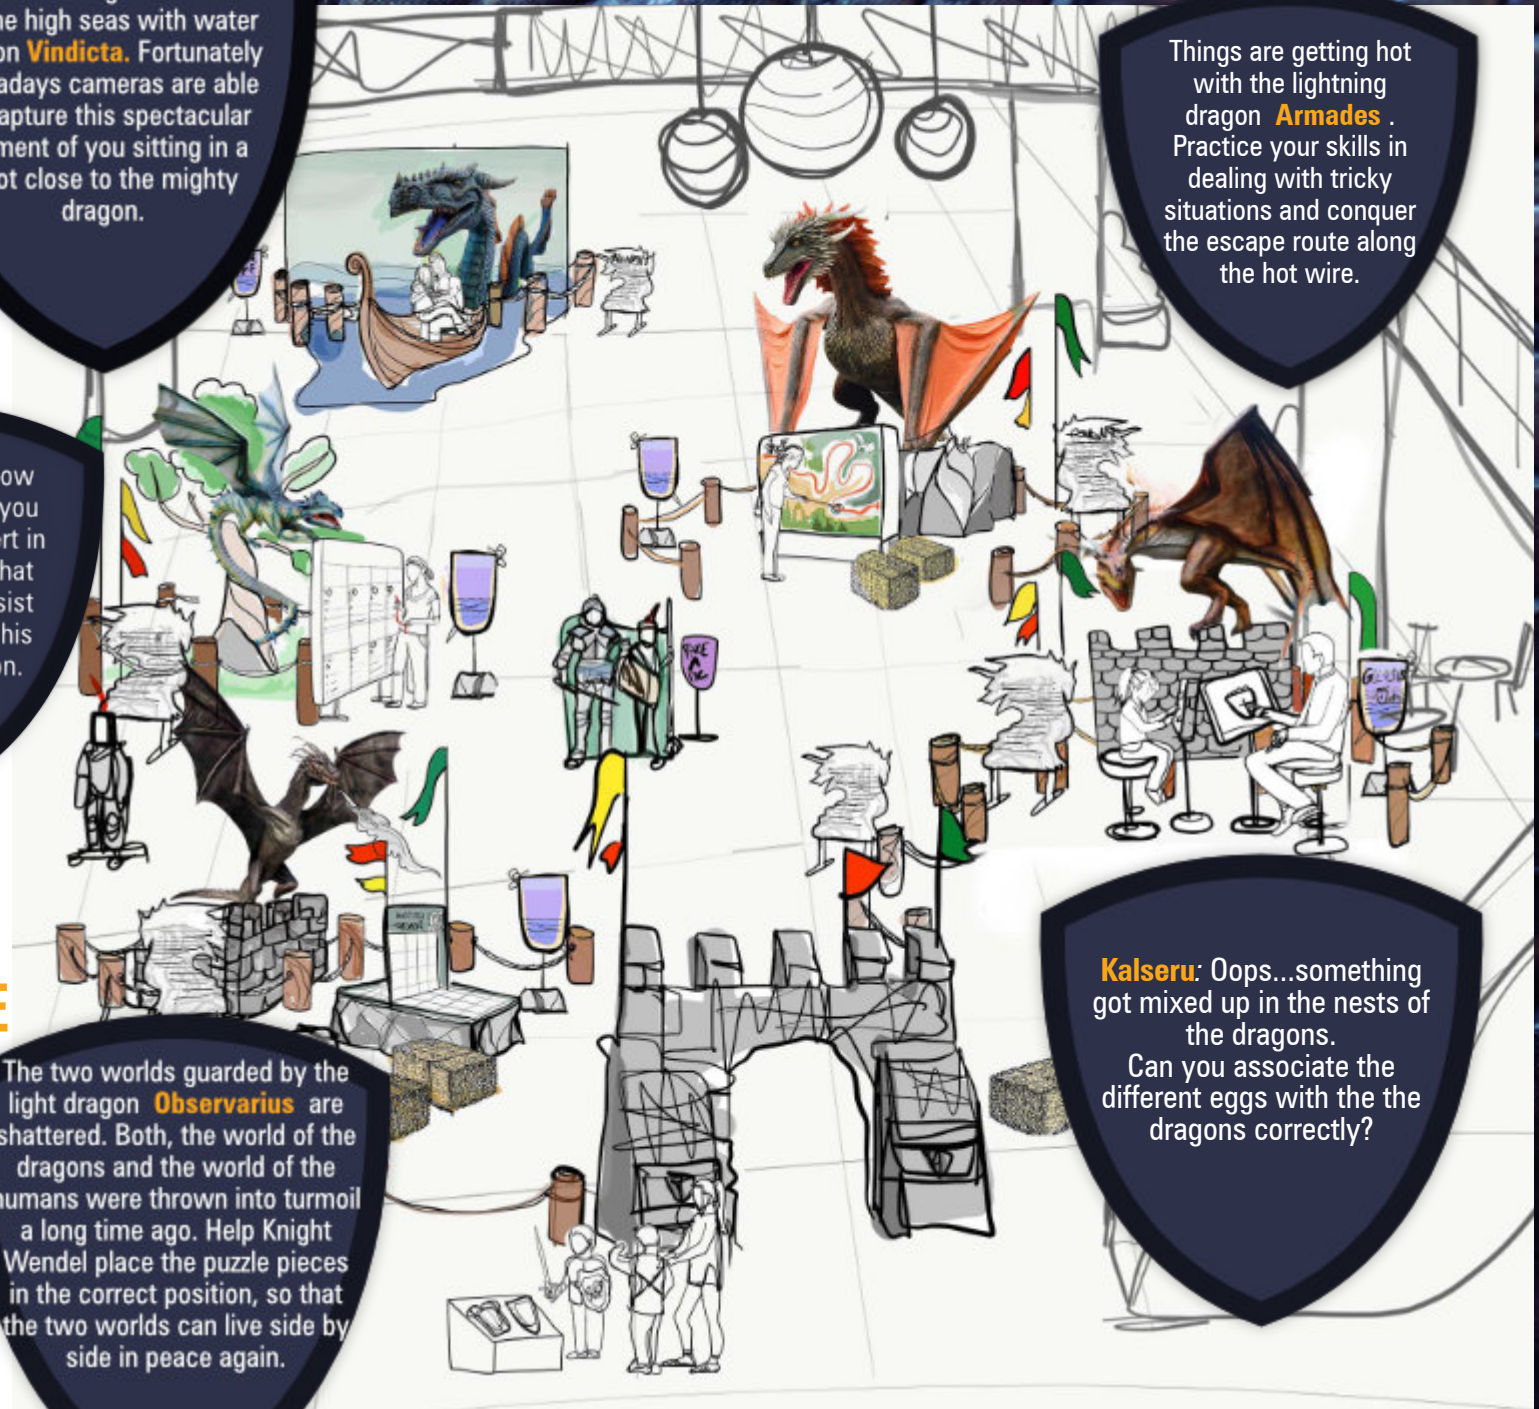

With every dragon:

- Themed individual stations
- Information boards with exciting stories about Knight Wendel and the dragons
- Interactive game

The two worlds guarded by the light dragon **Observarius** are shattered. Both, the world of the dragons and the world of the humans were thrown into turmoil a long time ago. Help Knight Wendel place the puzzle pieces in the correct position, so that the two worlds can live side by side in peace again.

Things are getting hot with the lightning dragon **Armades**. Practice your skills in dealing with tricky situations and conquer the escape route along the hot wire.

**Kalseru:** Oops...something got mixed up in the nests of the dragons. Can you associate the different eggs with the dragons correctly?

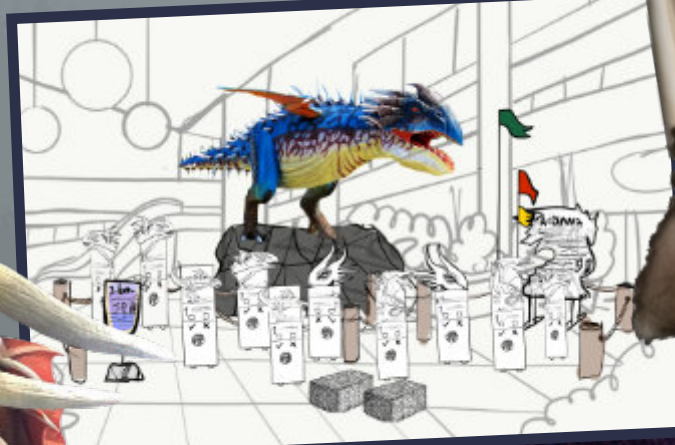

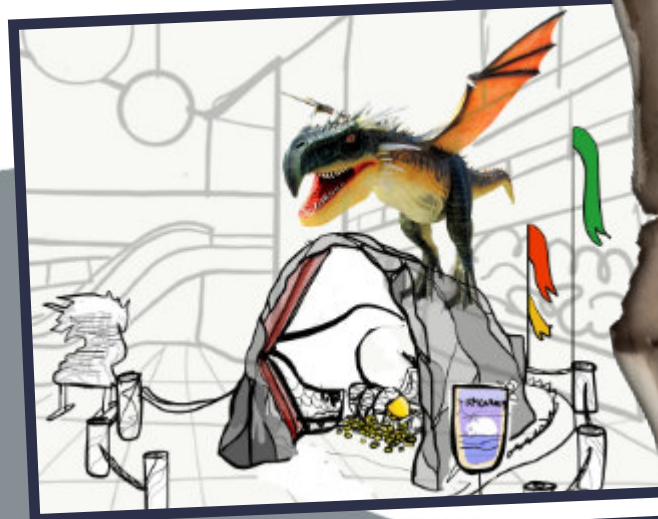

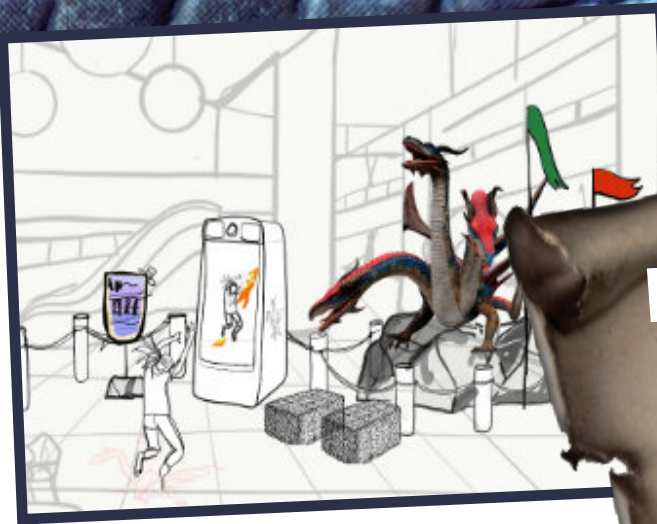

## Additional Dragons

**Cyrril:** Going up against the fire dragon is a seemingly hopeless situation! But even the brave knight Wendel has to overcome this situation. You can now also prove how skillful you are. You have to be fast and agile to fight off the dragon fire in order to save Waldemar and yourself from the flames. So warm up and let's go!

Shh, quiet! No one knows what is going to happen when the night dragon **Firmentoris** wakes up. Creep up very carefully to get to the treasure guarded by the dragon. Should the monster be awakened, you'd better take cover quickly!

**Audiana:** Sonic dragon lady Audiana's hearing is excellent. Yours should be at least as good, as you get to hear ten tricky questions which you have to answer correctly - the more you know about dragons, the better for you.
