The Podcatcher

World's easiest audio guide

The Podcatcher audio tour system is the ultimate solution for travelling exhibitions. Our system offers a stress-free experience for you and your visitors.

Audio/Video synchronization

Take your experience to the max, rather than videos on small screens. Interact with visitors from all over the world, same place, same video, different language.

Visitor Marketing

Having a connection with MapMyVisit means maximizing your marketing opportunities, through newsletters, social media and your webshop.

Visitor Analytics

Use data collected by the Podcatcher and user statistics to get insights of different regions. Select a new region based on data.

Just point and listen

A relaxed and effortless interactive experience, for staff and visitors. Offer the tours via self-service!

Next level storytelling

Discover the Podcatcher's interactive possibilities. Quizzes, photoboos and more in a simple device.

Brand your podcatcher

Brand the Podcatchers to match your museum's or exhibition's identity.

Online Content Platform

24/7 Control over your tour content. Modify your tours by using our online Tour Editor.

All-around device

Easy technology for staff and visitors, easy to transport from one location to another and easy to set-up.
